

# Promotion Banner

for Magento 2

## Installation Guide

**To install the extension follow the instructions below:**

1. Backup your web directory and store database.
2. Download Promotion Banner installation package.
3. Upload contents of the Promotion Banner installation package to your store root directory.
4. In SSH console of your server navigate to your store root folder:

```
cd /path/to/store/root/folder
```

5. Enable Promotion Banner extension:

```
php bin/magento module:enable MageKey_PromotionBanner --clear-static-content
```

6. Upgrade magento system to apply Promotion Banner extension:

```
php -f bin/magento setup:upgrade
```

7. Deploy static view files:

```
php -f bin/magento setup:static-content:deploy
```

8. Flush store cache. Log out from the backend and log in again.

Promotion Banner extension is now installed and ready for work.
