

# Save Shopping Cart

for Magento 2

## Installation Guide

**To install the extension follow the instructions below:**

1. Backup your web directory and store database.
2. Download Save Shopping Cart installation package.
3. Upload contents of the Save Shopping Cart installation package to your store root directory.
4. In SSH console of your server navigate to your store root folder:

```
cd /path/to/store/root/folder
```

5. Enable Save Shopping Cart extension:

```
php bin/magento module:enable MageKey_SaveCart --clear-static-content
```

6. Upgrade magento system to apply Save Shopping Cart extension:

```
php -f bin/magento setup:upgrade
```

7. Deploy static view files:

```
php -f bin/magento setup:static-content:deploy
```

8. Flush store cache. Log out from the backend and log in again.

Save Shopping Cart extension is now installed and ready for work.
