

Installation Guide

for Magento 2 Payment Fees Extension

Installation via Composer (recommended):

1. Log into your Magento server via SSH as a user that has enough permissions to write files in the Magento folders

2. Go to the Magento installation (root) folder:

```
cd <magento_root_folder>
```

3. Download the extension package via composer:

```
composer require magestyaapps/module-paymentfee
```

4. Enable the module with the command below:

```
php bin/magento module:enable MagestyaApps_PaymentFee
```

5. Update the database:

```
php bin/magento setup:upgrade
```

```
php bin/magento cache:flush
```

```
php bin/magento setup:static-content:deploy
```
