

Cart Product Comment

User/Installation Guide

Version 2.2.0

1. Overview

The Cart Product Comment extension gives the ability to your customers to leave a comment to each product in cart. Comments are visible on every order in "My Account" and on the order confirmation email for customers and in Magento admin for Admin users. Admin users can view customers' comments and take action if needed. Improve your customers' experience and satisfy your customers the best. A better understanding of your customers' behavior and their needs, will help you to increase your sales and improve your store.

2. Key Features

- Customers can leave a comment to each product in cart
- Comments are visible on every order in "My Account" and on the order confirmation email for customers
- Comments are visible on every order in Magento admin for Admin users
- Admin users can view customers' comments and take action if needed
- Improve your customers' experience
- Satisfy your customers the best

3. Other Features

- Developed by a Magento Certified Developer
- Meets Magento standard development practices
- Single License is valid for 1 live Magento installation and unlimited test Magento installations
- Simple installation
- 100% open source

4. Compatibility

Magento Community Edition 2.0 – 2.1 – 2.2

5. Download the Extension

- [Sign in](#) to your account
- Navigate to menu **My Account** → **My Downloads**
- Find the extension and click to download it
- Extract the downloaded ZIP file in a temporary directory

6. Backup your web directory and store database

Before installing the extension, backup your web directory and store database. All our extensions are tested on clean Magento installations. We can not guarantee of compatibility with third party extensions or customized Magento installations. We recommend to install any extension you obtain from us on a testing Magento installation first and then on a live Magento installation in case of incompatibility with third party extensions.

7. Installing the Extension

- Upload the extracted folders and files of the extension to base (root) Magento directory. Do not replace the whole folders, but merge them. If you have downloaded the extension from Magento Marketplace, then create the following folder path **app/code/MageVision/CartProductComment** and upload there the extracted folders and files.
- Connect via SSH to your Magento server as, or switch to, the Magento file system owner and run the following commands from the (root) Magento directory:
 - `cd path_to_the_magento_root_directory`
 - `php -f bin/magento module:enable MageVision_CartProductComment`
 - `php -f bin/magento setup:upgrade`
 - `php -f bin/magento setup:di:compile`
 - `php -f bin/magento setup:static-content:deploy`
- Log out from Magento admin and log in again

8. How to Use

Navigate to Magento Admin under **Stores** → **Configuration** → **MageVision Extensions** → **Cart Product Comment** to activate the extension. A comment box will be added to each product in cart where customers can leave a comment. After an order is placed, comments are visible on every order in "My Account" and on the order confirmation email for customers and in Magento admin for Admin users.

Extension's configuration

The screenshot displays the Magento Admin Configuration interface. On the left is a vertical sidebar with navigation icons for Dashboard, Sales, Catalog, Customers, Marketing, Content, Reports, and Stores. The main content area is titled 'Configuration' and shows the 'Store View' set to 'Default Config'. A 'Save Config' button is located in the top right. The 'MAGEVISION EXTENSIONS' section is expanded, showing the 'Cart Product Comment' configuration. Under the 'General' tab, two settings are visible: 'Enabled [store view]' and 'Display Update Button on every Cart Item [store view]', both of which are set to 'Yes' via dropdown menus.
