

# Manual

To enable/disable module go to Stores -> Configuration -> Mageworkshop -> Shopping Cart Notifications and set "Enabled" option to "Yes".

## Shopping Cart Notifications by MageWorkshop

|  |   |              |
|--|---|--------------|
| Enabled                                  | <input type="text" value="Yes"/>  | [STORE VIEW] |
| Add to Cart Loader Enabled               | <input type="text" value="Yes"/>  | [STORE VIEW] |
| Add to Cart Notifications Enabled        | <input type="text" value="Yes"/>  | [STORE VIEW] |
| Disable default Magento notifications    | <input type="text" value="Yes"/><br><small>Default Magento notifications will be disabled to prevent duplicates</small> | [STORE VIEW] |
| Notification Display Time (milliseconds) | <input type="text" value="5000"/>   | [STORE VIEW] |

**Add to Cart Loader Enabled** - this option enable/disable screen dimming after clicking on the button "Add to cart".

**Add to Cart Notifications Enabled** - this option enable/disable notification on the top right corner of the screen.

**Disable default Magento notifications** - this option enable/disable default Magento notification. (This feature prevents duplication of default Magento notifications and notifications which added by extension.)

**Notification Display Time (milliseconds)** - this option sets a time for notification displaying.
