

SEO Suite Ultimate Extension for Magento 2

USER GUIDE

mageworx

About the Extension

SEO Suite Ultimate extension is designed to make Magento-based stores search engine friendly and improve their performance in the search results.

With this SEO toolkit, one can quickly optimize large volumes of meta data for product/category/CMS and landing pages; eliminate duplicate content issues; set redirects; easily generate HTML and XML sitemaps; implement hreflang tags; build a well-planned internal linking structure and a lot more.

For the maximum SEO results, we also recommend you to use:

[Landing Pages](#) extension to create highly SEO-optimized pages for any marketing campaign.

[Layered Navigation](#) toolkit to improve customers' shopping experience by enhancing store navigation.
