

SEO Meta Templates Extension for Magento 2

USER GUIDE

mageworx

About the Extension

Quickly create and optimize a massive amount of meta data as well as optimize product and category descriptions.

With the help of 11 SEO meta templates, you can savvily apply various attributes and make your store pages informative and search engine friendly.

The extension is a part of [SEO Suite Ultimate for Magento 2](#). Get a complete toolkit to make your store pages search engines' favorites. Optimize page content, URLs; generate advanced XML/HTML sitemaps, weed out duplicate content issues, add rich snippets, and a lot more. * [Contact us](#) for more info on how to upgrade.
