

## MAGIC 360 – USER GUIDE

=====

### ENABLING MAGIC 360

Go to the [Magic Toolbox > Magic 360] menu in the Magento admin panel.

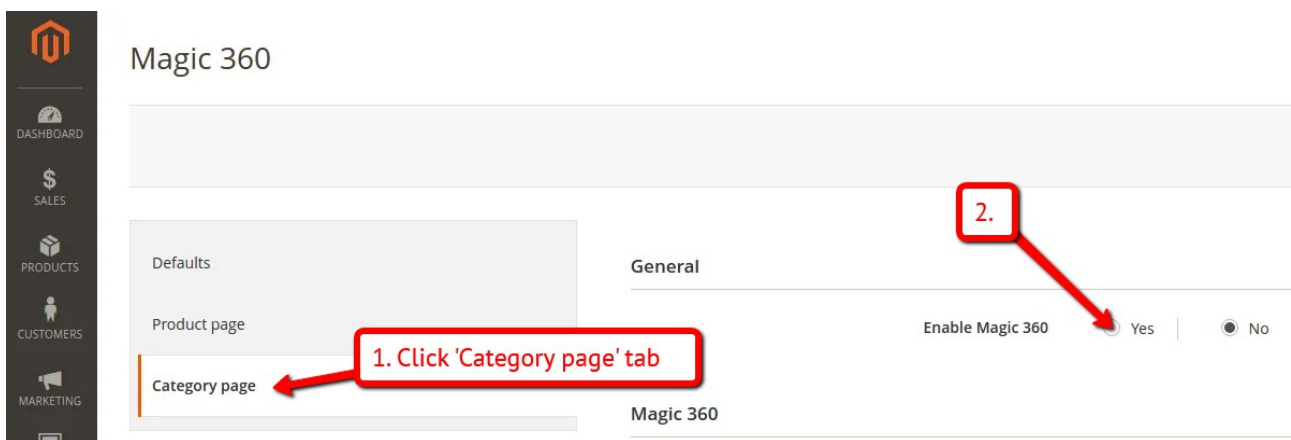

To enable Magic 360 on the 'Product' pages of your store:

1. Click the 'Product page' tab.
2. 'Enable Magic 360' > Select 'Yes'.
3. Save change.

To enable Magic 360 on the 'Category' pages of your store:

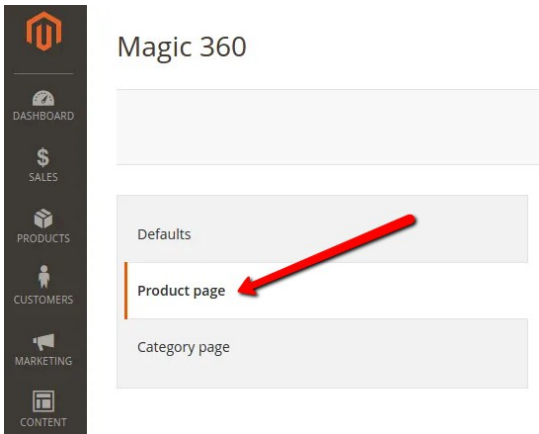

1. Click the 'Category page' tab.
2. 'Enable Magic 360' > Select 'Yes'.
3. Save change.

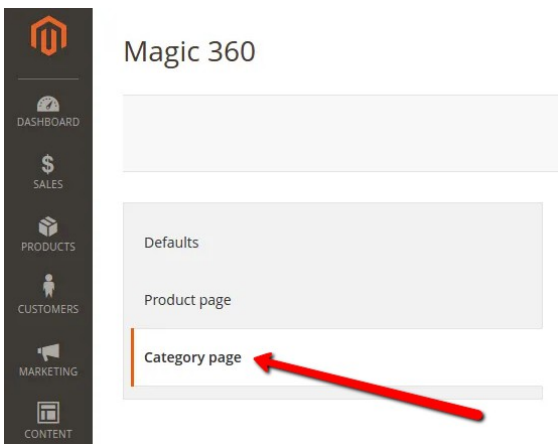

## CUSTOMIZING:

Customize Magic 360 settings to suit your needs - go to the [Magic Toolbox > Magic 360] menu in the Magento admin panel.

For customizations to only apply to Product pages, make all changes on the 'Product page' tab:

For customizations to only apply to Category pages, make all changes on the 'Category page' tab:

If you would like customizations to apply to both Product and Category pages, make changes on the 'Defaults' tab:
