

## MAGIC SLIDESHOW INSTALLATION

1. Unzip the Magic Slideshow extension for Magento 2.0.
2. Upload the 'app' folder to your Magento directory.
3. Login to the Magento Admin as an administrator.
4. Click [System > Web Setup Wizard] in the menu.
5. Click the [Component Manager] link.
6. Find the Magic Slideshow extension in the list and select the [Enable] action.
7. Follow the instructions in the wizard until the process is complete (you will see 'Success' message).
8. Adjust the Magic Slideshow settings to suit your needs - go to the [Magic Toolbox > Magic Slideshow] menu in the Magento admin panel.
9. Magic Slideshow is ready to use!
