

Rich Snippet Suite Installation Guide

For Magento 2

Rich Snippet Suite

Thank you for choosing a Magmodules extension for your Magento® store. The Rich Snippet Suite extension adds a rich JSON markup to your store to enrich the Product, WebSite, Organisation and LocalBusiness markup. Within the extension you can easily enable or disable the specific markups that you want to use.

Installation

There are 2 different ways to install the extension:

1. [Installation through FTP](#)
2. [Installation through Composer](#) (recommended)

Configuration

1. [How to configure the Rich Snippet Suite extension](#)

Knowledge Base

In our knowledge Base we add the most frequently asked questions from this Magento® extension and we setup a clear guide to help you with the installation and configuration. Please feel free to ask any further questions so we can complete this knowledge base for the benefits of all as this knowledge base is designed to offer a complete support option in self-service.

It allows you to search for the frequently requested actions or have a peek in the configuration settings to get the most out of the extensions.

You can find the Knowledge Base for this extension here;
