1. Extension Installation

- Extract the zip folder and upload our extension to root the of your Magento 2 directory via FTP.
- Login to your SSH and run below commands step by step:
 - php bin/magento setup:upgrade
 - For Magento version 2.0.x to 2.1.x - php bin/magento setup:static-content:deploy
 - For Magento version 2.2.x & above - php bin/magento setup:static-content:deploy-f
 - php bin/magento cache:flush
- That's it.

2. Configuration

To configure the extension, login to Magento 2, move to **Stores** → **Configuration** → **Success Page** where you can find various settings to enable the extension.

- **Success Page:** Enable the success page extension from here.

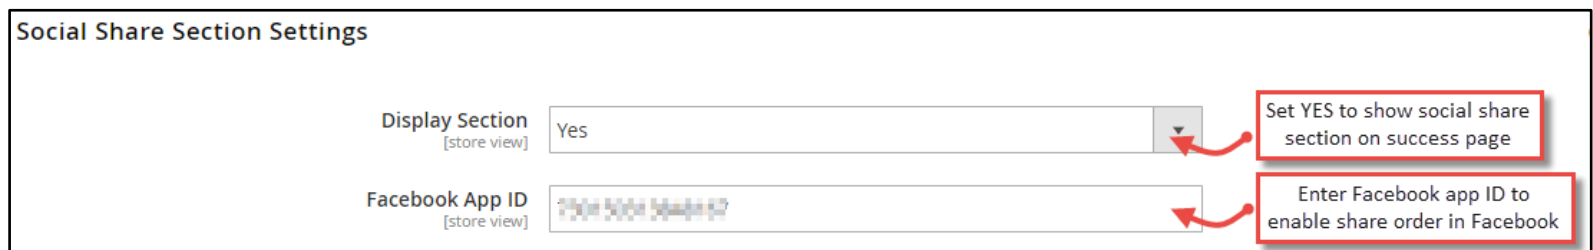

The screenshot shows the Magento 2 Configuration interface. At the top, there's a 'Configuration' header with a notification bell (10) and a user profile 'Success-Page'. Below this, the 'Store View' is set to 'Default Config'. A 'Save Config' button is visible in the top right. The main content area shows the 'Success Page' configuration. The 'Success Page' section is highlighted with a red box. The 'Success Page [store view]' dropdown is set to 'Enable', and this is also highlighted with a red box and a callout: 'Enable Success Page extension from here'.

3. Social Share Section Settings

The extension facilitates to enable social share buttons on the success page.

- **Display Section:** Set YES to enable social share section in the success page.
- **Facebook App ID:** Enter the Facebook app ID to enable sharing on Facebook.

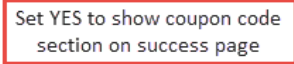

The screenshot shows the 'Social Share Section Settings' configuration page. It features two main settings: 'Display Section [store view]' is set to 'Yes', and 'Facebook App ID [store view]' contains a placeholder ID. Both settings are highlighted with red boxes and callouts. The 'Display Section' callout says 'Set YES to show social share section on success page'. The 'Facebook App ID' callout says 'Enter Facebook app ID to enable share order in Facebook'.

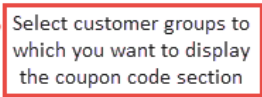

4. Coupon Code Section Settings

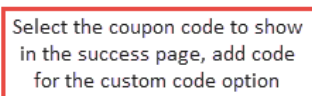

You can show coupon codes and discount offers on the success page to bring customers back for the purchase. Make settings here to display coupon codes on the success page.

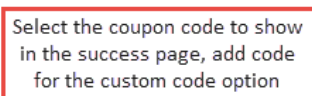

- **Display Section:** Set YES to enable coupon code section in the success page.
- **Display To Customer Groups:** Select specific or all customer groups to show the coupon code section on the success page.
- **Select Coupon Code:** Select one of the available coupon codes or add your custom coupon code to show on the success page.
- **Add Custom Coupon Code:** Enter the code in case of custom coupon code.
- **Discount Information Text:** Enter discount information text to describe the use and terms of coupon code.
- **Background Image:** Set the background image to show in the coupon code section.
