1. Extension Installation

- Create a folder structure in Magento root as app/code/Meetanshi/Inrecaptcha
- Download and extract the zip folder and upload our extension files to the app/code/Meetanshi/Inrecaptcha via FTP.
- Login to your SSH and run below commands step by step:
 - php bin/magento setup:upgrade
 - For Magento version 2.0.x to 2.1.x - php bin/magento setup:static-content:deploy
 - For Magento version 2.2.x & above - php bin/magento setup:static-content:deploy -f
 - php bin/magento cache:flush

2. Registration for Site & Secret Key

To use Google reCAPTCHA v3, you have to register your domain with Google and get a site key and secret key. Simply visit <https://www.google.com/recaptcha/admin/>.
