

# Paystack Payment Gateway for Magento 2

## User Guide

### Table of Content

1. [Extension Installation](#)
2. [Configuration](#)
3. [Paystack Payment Method in Frontend](#)
4. [Paystack Payment Details in Backend](#)
5. [Paystack Admin Panel](#)

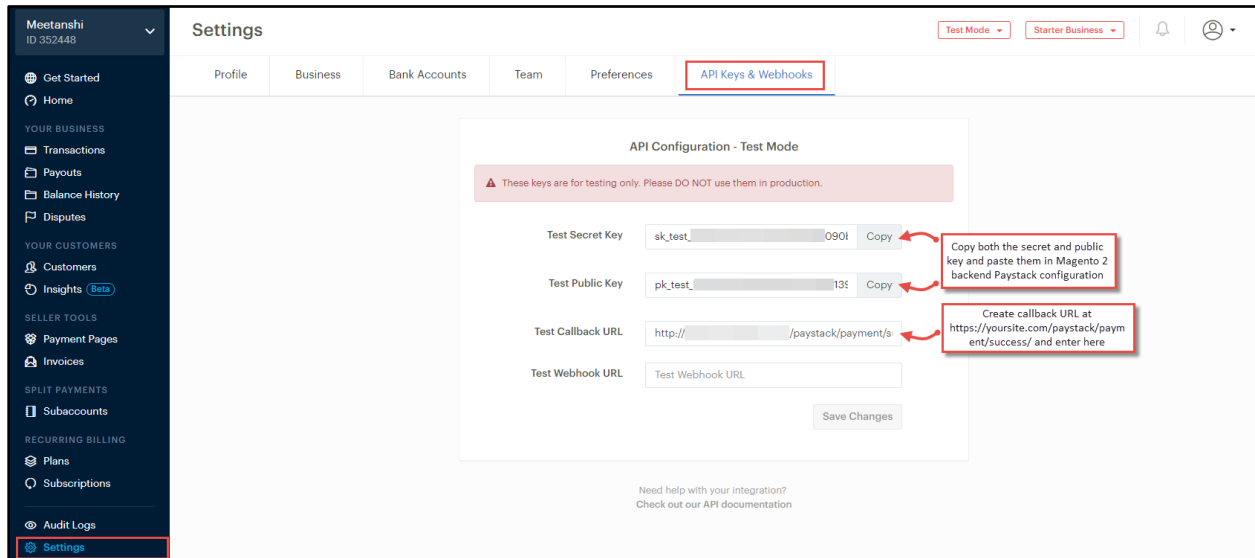

## 1. Extension Installation

- Create a folder structure in Magento root as app/code/Meetanshi/Paystack
- Download and extract the zip folder and upload our extension files to the app/code/Meetanshi/Paystack via FTP.
- Login to your SSH and run below commands step by step:
  - php bin/magento setup:upgrade
  - For Magento version 2.0.x to 2.1.x - php bin/magento setup:static-content:deploy
  - For Magento version 2.2.x & above - php bin/magento setup:static-content:deploy -f
  - php bin/magento cache:flush

## 2. Configuration

To Configure the extension, login to Magento 2, move to **Sales → Payment Methods → Paystack Payment - Meetanshi** where you can find various settings to enable the extension.

- **Enabled:** Set “YES” to enable the payment method.
- **Title:** Set the title for the payment method to be displayed in the frontend.
- **Show Paystack Logo:** Set YES to show Paystack logo along with the payment method in the frontend.
- **Sandbox Mode:** Select YES to enable sandbox mode.
- **Test Secret Key:** Enter the test/live secret key provided by Paystack while registration.
- **Test Public Key:** Enter the test/live public key provided by Paystack while registration.

The screenshot shows the 'Settings' page for the Meetanshi extension, specifically the 'API Keys & Webhooks' tab. The 'API Configuration - Test Mode' section contains the following fields:

- Test Secret Key:** sk\_test\_...090t (with a 'Copy' button)
- Test Public Key:** pk\_test\_...13t (with a 'Copy' button)
- Test Callback URL:** http://.../paystack/payment/s (with a 'Copy' button)
- Test Webhook URL:** Test Webhook URL

Red annotations on the screenshot include:

- A warning box: "These keys are for testing only. Please DO NOT use them in production."
- Red boxes around the 'Test Secret Key' and 'Test Public Key' fields with arrows pointing to a note: "Copy both the secret and public key and paste them in Magento 2 backend Paystack configuration"
- A red box around the 'Test Callback URL' field with an arrow pointing to a note: "Create callback URL at https://yoursite.com/paystack/payment/success/ and enter here"

At the bottom of the configuration area, there is a 'Save Changes' button and a link for API documentation: "Need help with your integration? Check out our API documentation"

**Note:** Create a callback URL at <https://yoursite.com/paystack/payment/success/> and paste in the “Test Callback URL” option. Slash (/) at the end of the URL is mandatory.

- **Allow Auto Invoice:** Select YES to automate invoice generation for the orders paid using Paystack payment method.
- **Payment from Applicable Countries:** Select countries to allow using this payment method.
- **Additional Information:** Add additional information to show along with the payment method on the checkout page.
- **Sort Order:** Enter Sort Order of the payment method display in the frontend.

### 3. Paystack Payment Method in Frontend

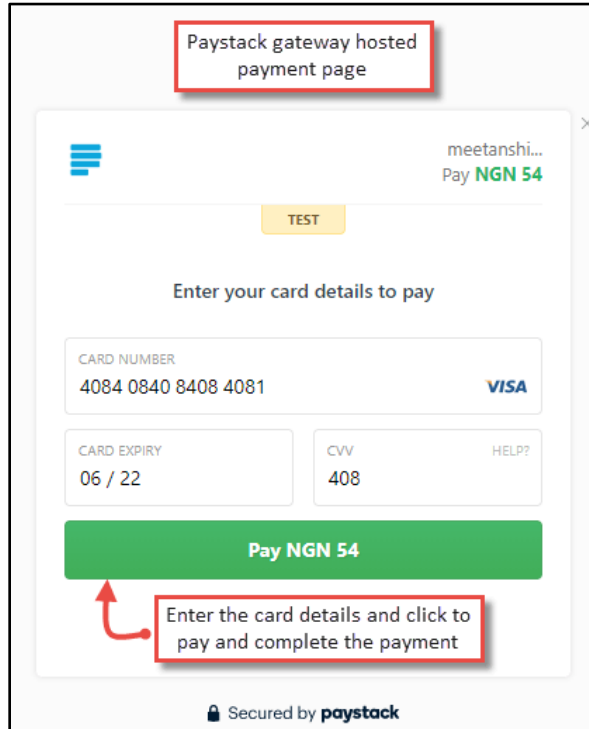

Once the payment method is configured, Paystack Payment method is shown on the frontend while checking out the products. Just select the payment method, click “Continue to Payment” to get redirected to the payment page and complete the payment.

The screenshot shows the LUMA checkout page. At the top left is the LUMA logo. Below it is a progress bar with two steps: 'Shipping' (completed) and 'Review & Payments' (active). A search bar is located at the top right. The main content area is titled 'Payment Method:' and shows the 'paystack' method selected. Below this, there is a checkbox for 'My billing and shipping address are the same' which is checked. The billing address is listed as 'Meetanshi Tester, 6146 Honey Bluff Parkway, Los Angeles, California 49628-7978, United States, 5552293326'. A red box highlights the phone number with the text 'Additional information added from the backend'. Below the address is a red box with the text 'You will be redirected to Paystack payment gateway.' To the right, there is an 'Order Summary' section showing 'Cart Subtotal \$49.00', 'Shipping Flat Rate - Fixed \$5.00', and 'Order Total \$54.00'. Below the order summary is a 'Ship To:' section. At the bottom of the payment method section is a blue 'Continue to Payment' button. A red box highlights this button with the text 'Select the payment method and click Continue to Payment button to get redirected to the Paystack payment gateway'. Another red box at the top right highlights the 'paystack' method with the text 'Paystack payment method in the frontend on checkout page'.

- **Adding Card Details**

Once the customer gets redirected to the payment gateway, he needs to enter the card details and click to pay.

## 5. Paystack Admin Panel

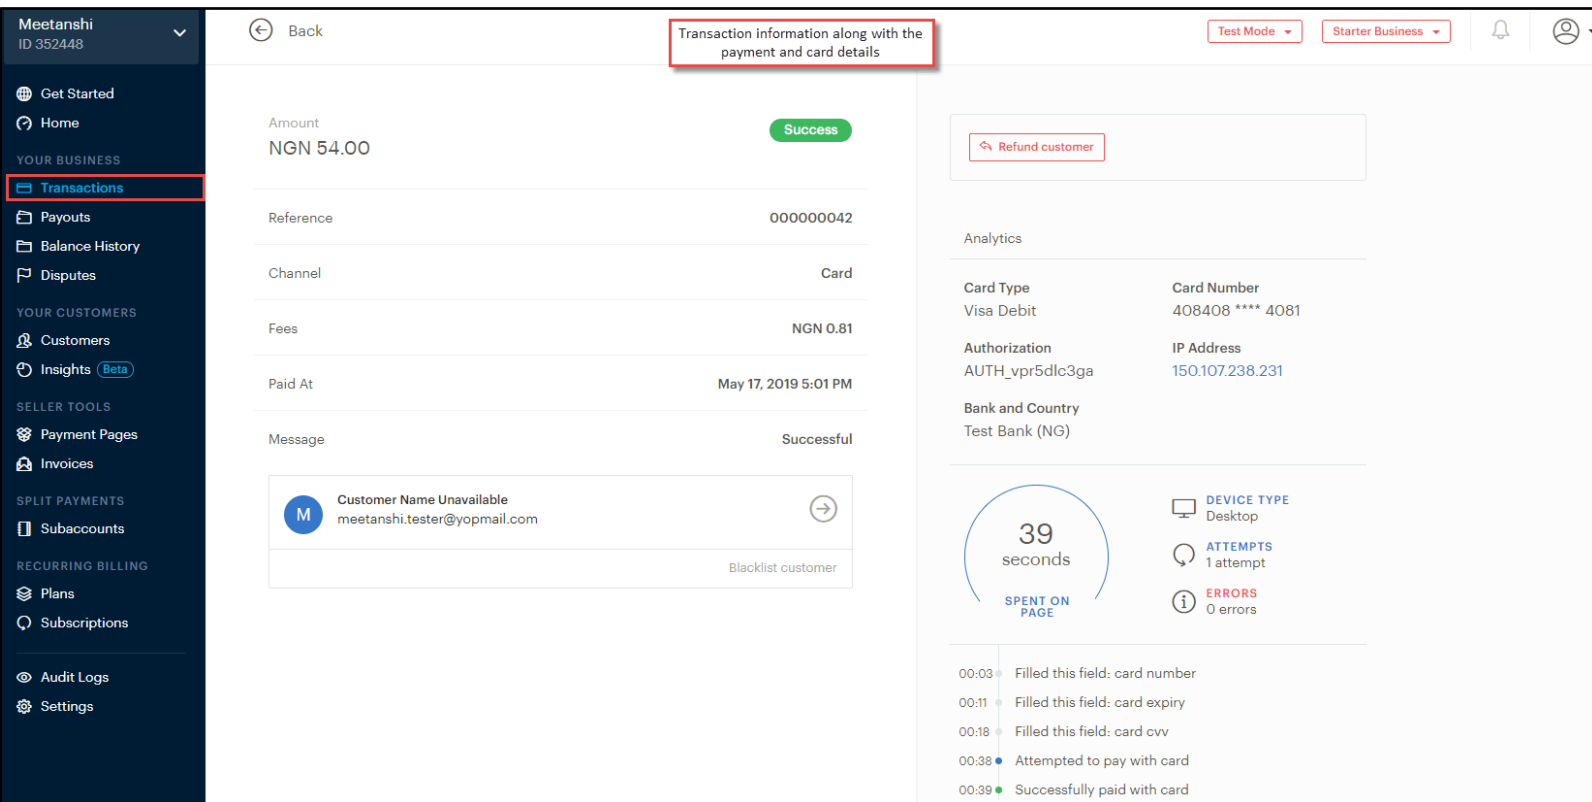

Admin can see payment and customer details in the admin panel of the Paystack payment gateway. Simply log in to Paystack with your credentials and under the “Transactions” tab, you can see all the order details.

The screenshot shows the Paystack Admin Panel interface. The left sidebar contains navigation options like 'Get Started', 'Home', 'YOUR BUSINESS' (with 'Transactions' highlighted), 'Payouts', and 'Balance History'. The main content area is titled 'Transactions - 9' and includes a search bar and an 'Export CSV' button. A table lists transactions with columns for Status, Reference, Transaction Information, Channel, and Date Paid. A single transaction is visible: Reference 000000042, Amount NGN 54.00 from meetanshi.test@yopmail.com, Channel Card, Date Paid Friday, May 17, 2019 5:01 PM.

- **Order and Payment Details**

Click the order from the transaction to view the order and payment details of a particular Paystack order.

The screenshot shows the 'Transaction information along with the payment and card details' page. The left sidebar is the same as the previous screenshot. The main content area is titled 'Transaction information along with the payment and card details' and includes a 'Back' button. The transaction details are as follows:

- Amount: NGN 54.00 (Status: Success)
- Reference: 000000042
- Channel: Card
- Fees: NGN 0.81
- Paid At: May 17, 2019 5:01 PM
- Message: Successful

Additional details include:

- Refund customer button
- Analytics section with Card Type (Visa Debit), Card Number (408408 \*\*\*\* 4081), Authorization (AUTH\_vpr5dlc3ga), IP Address (150.107.238.231), and Bank and Country (Test Bank (NG)).
- Performance metrics: 39 seconds SPENT ON PAGE, DEVICE TYPE Desktop, ATTEMPTS 1 attempt, ERRORS 0 errors.
- Timeline:
  - 00:03 Filled this field: card number
  - 00:11 Filled this field: card expiry
  - 00:18 Filled this field: card cvv
  - 00:38 Attempted to pay with card
  - 00:39 Successfully paid with card
