

## Installation guide

Before installation it is recommended take backup of your website.

Disable compilation and cache.

Extract zip file.

Create following directory structure

Magento root/app/code/MES/CartridgeFinder

Upload content of CartridgeFinder folder content at above path.

For enable module open command line in folder root of your magento

Run following command

**php bin/magento module:enable MES\_CartridgeFinder**

OR

You can add **'MES\_CartridgeFinder' => 1,** at app/etc/config.php

```
-----  
'Magento_Sales' => 1,  
'Magento_Checkout' => 1,  
'Magento_GoogleAnalytics' => 1,  
'Magento_Ui' => 1,  
'Magento_GroupedImportExport' => 1,  
'Magento_GroupedProduct' => 1,  
'Magento_DownloadableImportExport' => 1,  
'MES_CartridgeFinder' => 1,  
'Magento_Security' => 1,  
'Magento_LayeredNavigation' => 1,  
'Magento_Marketplace' => 1,  
'Magento_MediaStorage' => 1,
```

Now run following command

**php bin/magento setup:upgrade**

Done.
