

Exit Popup User Guide

Introduction to Exit popup

Easy Exit Pop Up, a lead generator extension, appears on the screen once the visitor is about to bounce. The extension is designed to take your sales on another level. If you are looking forward to growing your subscriber list, converting visitors into customers, and engaging and decreasing the bounce rate, then Easy Exit Pop Up is the right extension for you.

This easy to use and flexible extension helps you to generate leads. We are sure you are in search of ways that help you to get qualified and already engaged leads with your brand. Weren't you? Easy Exit Pop Up is the ultimate way that leads you to success.

The essential goal of using an exit pop-up is to prevent the loss of potential customers and keep them engaged through variety of offers. We guarantee that our well designed Easy Exit Pop Up leverages more conversion or further page view on your site.
