Description:

Delivery Slot with REST API Extension for Magento 2 allows customers to choose preferred delivery slot for their orders. This extension also allows customer to add Delivery Comments during checkout. These comments will be available in Order confirmation page and helps the Admin to schedule the delivery as expected by the customer.

Features:

The Extension allows the Admin to,

- ✓ Add and Edit Delivery Slots.
- ✓ Group the Zip codes under various Delivery Slots.
- ✓ Multiple Zip codes can be mapped to single Slot.
- ✓ Map the Slots and Delivery Day.
- ✓ Add and Edit Slot Information.
- ✓ Add the number of Quota for a Slots.
- ✓ Add and Edit the timing for each Slots.
- ✓ Add Holiday/ Vacation Days and restrict customers from choosing those days for delivery.

This extension adds the following REST API functions:

- ✓ Customer can view delivery slots available for that order.
- ✓ Customer can choose the preferred slot and place the order
- ✓ Customer can add Delivery Comments and notify Admin on the same.
- ✓ Customer add view the delivery details such as the chosen delivery slot and the comments in My Orders Section.

Requirements & Compatibility:

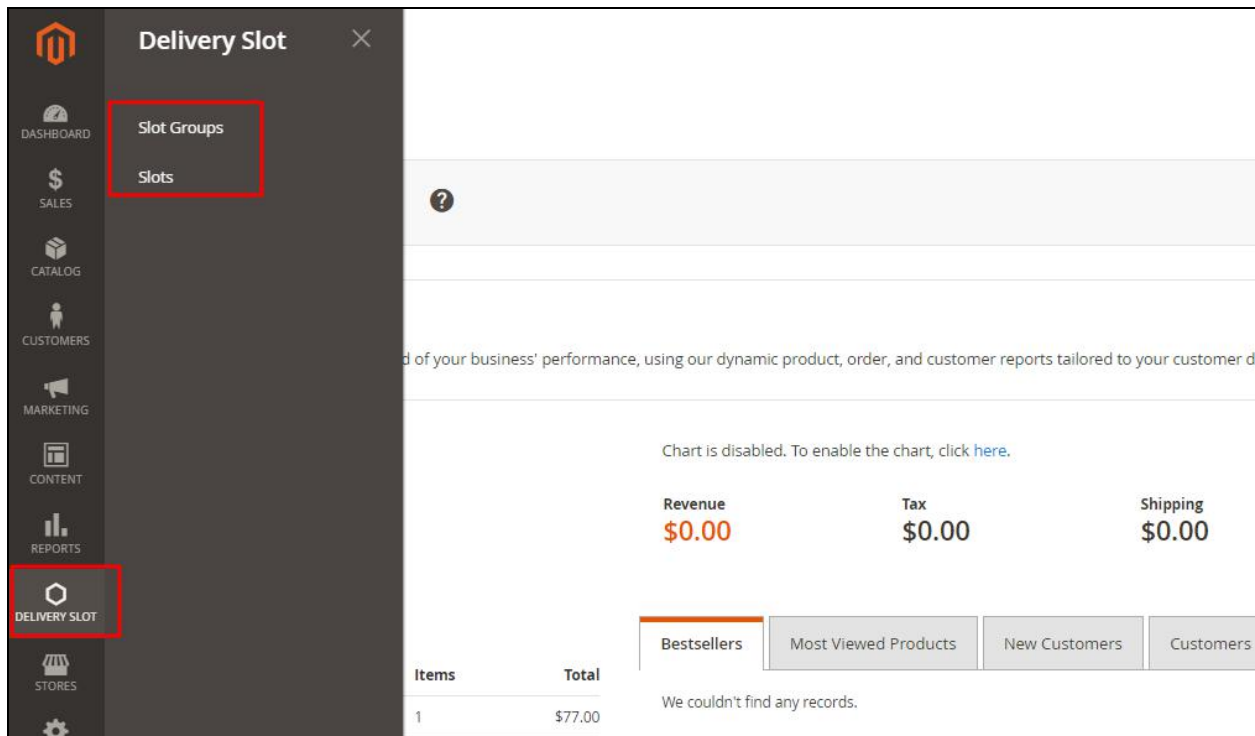

Delivery Slot extension supports on Magento 2.x.x

Installation and Configuration:

- ✓ Download the package and unzip x.zip file and you can find Modulebazaar_DeliverySlot.zip and User Manual Pdf.
- ✓ Open Terminal and navigate to root folder
- ✓ Extract this Modulebazaar_DeliverySlot.zip module.

- ✓ After extract of files and folders Clear Cache.
- ✓ Run Setup upgrade from root (php bin/magento setup:upgrade)
- ✓ After Successful upgrade process, clear cache,page_cache,view_preprocessed
- ✓ Give Full permission to magento root folder and var/generation module.
- ✓ After successful of installation, Check app/etc/config.php for Modulebazaar_DeliverySlot.
- ✓ Ion Cube loader is mandatory for this module.The server should have the ionCube loader installed. If it is not available or not installed, you can request your hosting provider to install this version of ion cube loader available at http://www.ioncube.com/loader_installation.php

Admin Settings

The screenshot displays the Magento Admin interface for the Delivery Slot module. The left sidebar contains navigation options: DASHBOARD, SALES, CATALOG, CUSTOMERS, MARKETING, CONTENT, REPORTS, DELIVERY SLOT (highlighted in red), and STORES. The main content area is titled 'Delivery Slot' and includes a sub-menu with 'Slot Groups' and 'Slots' (both highlighted in red). Below the sub-menu, there is a summary of business performance with a disabled chart. The summary shows Revenue at \$0.00, Tax at \$0.00, and Shipping at \$0.00. A table below the summary shows one item with a total of \$77.00. The table has columns for 'Items' and 'Total'.

Items	Total
1	\$77.00
