NEKLO

Installation

Installation via Magento Connect (NOT YET AVAILABLE)

Install the extension according to Magento's standard instructions for Magento 2 extensions installed via Magento Connect.

Manual Installation

1. Unpack the zip file provided into the root folder of your Magento 2 installation.

2. From a command line run

```
bin/magento module:enable Neklo_Core
```

```
bin/magento module:enable Neklo_Twitter
```

```
bin/magento setup:upgrade
```

NEKLO

Configuration

To configure extension open your Magento Admin Panel and go to:

Stores -> Configuration -> Neklo -> Twitter Widget

Here you could turn extension on or off:

Configuration

The screenshot shows the configuration interface for the Neklo extension. At the top, there is a 'Store View' dropdown set to 'Default Config' with a help icon. Below this, a sidebar on the left contains a tree view with 'NEKLO' expanded and 'Twitter Widget' selected. The main content area is titled 'General Settings' and includes a red note: 'Option allow to turn extension ON/OFF'. Below the note, there is a label 'Is Enabled' followed by a dropdown menu currently set to 'Yes'.

Widget setup

To setup the widget please go to:

Content -> Widget -> Add Widget

Select **Neklo Twitter** widget and configure them by instruction:
