NEKLO

Installation

Installation via Magento Connect (NOT YET AVAILABLE)

Install the extension according to Magento's standard instructions for Magento 2 extensions installed via Magento Connect.

Manual Installation

1. Unpack the zip file provided into the root folder of your Magento 2 installation.

2. From a command line run

```
bin/magento module:enable Neklo_Core
```

```
bin/magento module:enable Neklo_FacebookPage
```

```
bin/magento setup:upgrade
```

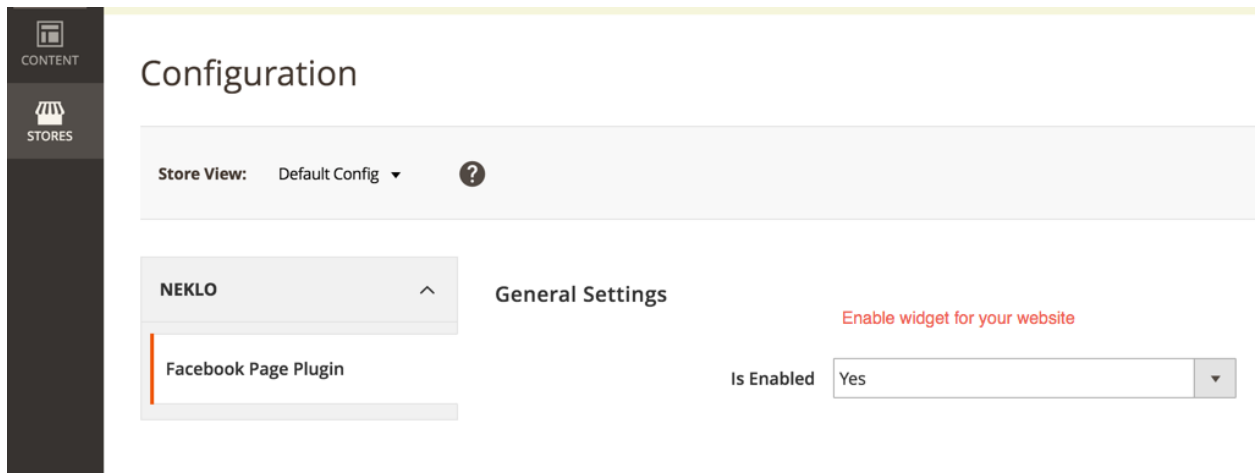

NEKLO

Configuration

To configure extension open your Magento Admin Panel and go to:

Stores -> Configuration -> Neklo -> Facebook Widget

Here you could turn extension on or off:

The screenshot shows the Magento Admin Panel Configuration page for the NEKLO extension. The left sidebar has 'CONTENT' and 'STORES' tabs. The main area is titled 'Configuration' and shows 'Store View: Default Config'. Under the 'NEKLO' section, there are 'General Settings' and 'Facebook Page Plugin'. The 'Is Enabled' dropdown is set to 'Yes'. A red text prompt says 'Enable widget for your website'.

Widget setup

To setup the widget please go to:

Content -> Widget -> Add Widget

Select **Neklo Facebook** widget and configure them by instruction:

NEKLO
