

# Payment Gateway Flow

We have below few steps to follow for Neutro payment integration with Magento 2 using this extension.

**Step 1:** After a payment gateway has been installed by the shop owner need to create or login from [Neutro](#) website to get there website specific API key.

**Step 2:** Once shop owner get there API Key from Neutro, then need to login in Magento backend and they will found extension configurations under **Stores >> Configurations >> Sales >> Payment Methods >> Neutro Payment** as per below screenshot:

The screenshot shows the Magento 2 Configuration page for the Neutro Payment extension. The left sidebar contains navigation links: DASHBOARD, SALES, CATALOG, CUSTOMERS, MARKETING, CONTENT, REPORTS, STORES, MGS, and SYSTEM. The main content area is titled "Configuration" and includes a "Save Config" button in the top right corner. The "Payment Methods" section is active, showing a list of payment methods on the left and the configuration for "Neutro Payment" on the right. The "Neutro Payment" configuration includes the following fields:

- Enabled** (website): Yes
- Title** (store view): Neutro Environmental Payments
- Live Mode** (website): No
- API KEY** (store view): [Redacted]
- Payment from Applicable Countries** (website): Specific Countries
- Payment from Specific Countries** (website): Afghanistan, Åland islands, Albania, Algeria, American Samoa, Andorra

**Step 3:** Shop admin will fill all required information on magento 2 backend as per step #2. If they want to run test/sandbox payment they can select Live Mode to “**NO**” and for production it will get set **Yes**. Please make sure for test/sandbox API key would be for testing process only and you need to put your production API key when you will goes Live/Production for real transaction.

## SANDBOX:

**Live Mode :** set NO

**Test API Key:** d5b4687b-28f7-4c86-bad1-bed85cd830f5

**For the Test NatWest bank account number to use:** 123456789012

**PRODUCTION / Live:**

**Live Mode :** set **YES**

**API Key:** Merchant API key which will get from there Neutro account.

**Note: we have created below test API key for Magento testing with whitelist host : magento.local and they can do use below API Key and set Mode to “Live”:**

API KEY: d331bc3b-75a7-44b8-976b-60db57fd662e

**Step 4:** When customer will come on storefront and move forward to purchase with add to cart item(s) and when comes on Checkout page, they can see new **Nuetro** payment method visible for payment process.

The image shows a checkout progress bar at the top with two steps: 'Shipping' (indicated by a green circle with a checkmark) and 'Review & Payments' (indicated by an orange circle with the number 2). Below the progress bar is a form titled 'Payment Method'. It contains two radio button options: 'Neutro - Environmental Payments' (which is selected) and 'Check / Money order'. At the bottom of the form is a section labeled 'Apply Discount Code' with a downward arrow icon.

**Step 5:** So if customer will select above payment method and move further payment process than they will be redirect on **Neutro payment** page for payment processing. Using this option will lead to the Neutro web app where you choose your bank.

Search for your bank 

Pay £160.00 to 

By clicking I agree to the terms and conditions

[Continue to Revolut](#)

 [Scan QR code to continue on mobile](#)

After clicking Continue, the user will be redirected to his bank's web site (or app if installed on the device), where he will log in and confirm the bank transfer. The exact flow will depend on the user's bank.

If the merchant has not yet been confirmed and passed KYC, any choice of bank will lead to the NatWest sandbox.

To log in, use the Customer number '123456789012'

This is a test only website - Do not enter any personal/real credentials!

## Online banking

[Bankline or Cards Online](#)

You can use your customer number or your card number to authenticate yourself.

Customer number

123456789012

Continue

DOB (ddmmyyyy) and 4 other numbers

[Forgotten your details?](#)

16 digit card number

Then enter the pin. Each box will have a number above it indicating what the correct pin number.

Select which account you want to pay from and confirm the payment.

Debit Account - NatWest - Rich

£ 994,997,152.27
