

# Pay iO payment gateway

Extension Category: **Payment Integration**

Vendor: **Pay iO Ltd**

## Installation Guide

### Prerequisites

Before installing the Pay iO payment gateway extension you will need to have an approved Pay iO business account. Just go to <https://secure.payio.co.uk/portal/register> and follow the instructions to register for a free account.

Once your account has been approved your api key will be generated for use within your Pay iO extension.

### Installation

1. [Log in](#) to your Magento account
2. Navigate to the [Magento Extension Marketplace](#)
3. Search For 'Pay iO Payment Method'
4. Add product to your cart
5. Navigate to your cart - click icon in top right corner
6. Follow instructions on 'purchasing' the Pay iO extension **you will not be charged or have to provide any payment information**
7. Navigate to [your purchases](#)
8. Follow [these detailed instructions](#) from Magento to install the Pay iO extension into your Magento framework

### Configuration

Once you have installed the Pay iO extension into your Magento store, in your store admin area navigate to:

STORES -> Configuration -> SALES -> Payment Methods

Scroll down to Pay iO and expand the configuration options.

## Design Settings - Set how the Pay iO gateway will be branded
