

DAILY DEALS

INSTALLATION INSTRUCTIONS

Installation Instructions

1. Unzip downloaded extension archive
2. Access Magento 2 server via ftp or sftp and create a directory (if it does not exist) that will hold the module files [Magento root]/app/code/Peexl/DailyDeals
3. Go to the [Magento root]/app/code/Peexl/DailyDeals folder and upload extracted extension files there
4. Connect to your Magento 2 server using SSH
5. Change current directory to the Magento root folder (where composer.json is located)
6. Execute the following command:
php bin/magento setup:upgrade
7. After that, if your website is in the Production mode, run the following command:
php bin/magento setup:static-content:deploy
