

# Magento 2 Installation

## Follow these steps to install Perpetto on Magento 2

### 1. Download extension

Download the Perpetto extension from [here](#).

### 2. Backup

Back up your web directory and store database.

### 3. Create extension directory

Create the following directory in you store root directory:

**app/code/Perpetto/Perpetto**

### 4. Unpack

Unpack the archive you downloaded and upload its contents in to the directory you just created.

### 5. Run the following commands

Open an SSH connection to your server and run the following commands in the specified order:

**Note:** you may need to use the full path to the php executable, usually **/usr/bin/php** instead of **php**.

1. *\$ cd path/to/the/store/root/folder*

2. `$ php -f bin/magento module:enable Perpetto_Perpetto`
3. `$ php -f bin/magento setup:upgrade`
4. `$ php -f bin/magento setup:static-content:deploy`
5. `$ php -f bin/magento cache:flush`

## 6. Sign in to your store

When in the back office and go to **STORES -> PERPETTO -> Account**.

The screenshot shows the Magento 2 Configuration interface. On the left is a vertical sidebar with navigation icons for Dashboard, Sales, Products, Customers, Marketing, Content, Reports, Stores, System, and Find Partners & Extensions. The main content area is titled 'Configuration' and shows the 'PERPETTO' section expanded. Under 'PERPETTO', the 'Account' sub-section is active. The 'Account ID and Secret' section contains two input fields: 'Account ID' and 'Secret', both with '[GLOBAL]' labels to their right. A 'Save Config' button is visible in the top right corner of the configuration area.

*Magento 2 Extension administration area. Paste your Perpetto Account ID and Secret here.*

## 7. Sign in to your Perpetto account

If you already have an account sign in [here](#). If not, you can create one [here](#). Afterwards head over to your [store configuration page](#).

The screenshot displays the Perpetto Store Settings page for the store `magento2.perpetto.com`. The interface includes a sidebar with navigation options: Dashboard, Recommendations, Emails, Store, Settings, and Administrative. The main content area is divided into several sections:

- Store Name and Logo:** The store name is `magento2.perpetto.com`. There is a field to upload a logo and a button to "Upload store logo". A note indicates that the logo should be a rectangular picture with a 300px by 300px minimum size.
- Store URL and API:** The store URL is `http://magento2.perpetto.com` and the API address is `magento2.perpetto.com`.
- Account ID and Secret:** The Account ID is `magento2` and the Secret is `RrJ1XLL0MvsnNFL4JxZK3sDovL0xMZH1B6hhFpIZGpN5o69KH5J0V\FMTHzor0SD`.
- Store currency and platform:** The currency is set to `Dollars (USD)` and the platform is `Magento`.

At the top, the tracking status for four pages is shown as red pills: `JavaScript API`, `Item Page`, `Cart Page`, and `Thank You Page`. The number of tracked products is `7`.

*Perpetto Store Settings page – tracking status of all pages is red.*

## 8. Copy and paste your Account ID and Secret

Copy your Account ID and Secret from the Perpetto admin and paste them into your store back office (*see Step 6*) fields with the same names.

Click Save Config.

## 9. Make a test order

Go ahead and visit your store front office, view a product, add it to the cart and place a test order. After that all the pills in your [store configuration page](#) should turn green.

The screenshot displays the Perpetto Store Settings page for a Magento 2 store. The top navigation bar includes the Perpetto logo, the store name 'magento2.perpetto.com', and a 'New Store' button. Below this, the store name and tracking status are shown. The tracking status is green, indicating that all pages are tracked. The tracked products count is 7. The main content area is divided into several sections: 'Store Name and Logo' with the name 'magento2.perpetto.com' and a logo upload button; 'Store URL and API' with the URL 'http://magento2.perpetto.com' and API address 'magento2.api.perpetto.com'; 'Account ID and Secret' with the account ID 'magento2' and a long secret key; and 'Store currency and platform' with the currency set to 'Dollars (USD)' and the platform set to 'Magento'. A sidebar on the left contains navigation links for Dashboard, Recommendations, Emails, Store, and Settings.

## 10. Done! Perpetto is installed

✓ **You are good to go.**

At this point Perpetto is gathering all customer data needed. You are ready to launch the Personalized Recommendations and Automated Email Campaigns.
