

Contact For Price

Prerequisites

Magento Community 2.2.x, 2.3.x, 2.4.0 – 2.4.3

Installation

To install Contact For Price module follow the steps below.

Step 1: Download Contact For Price module extension and unzip it.

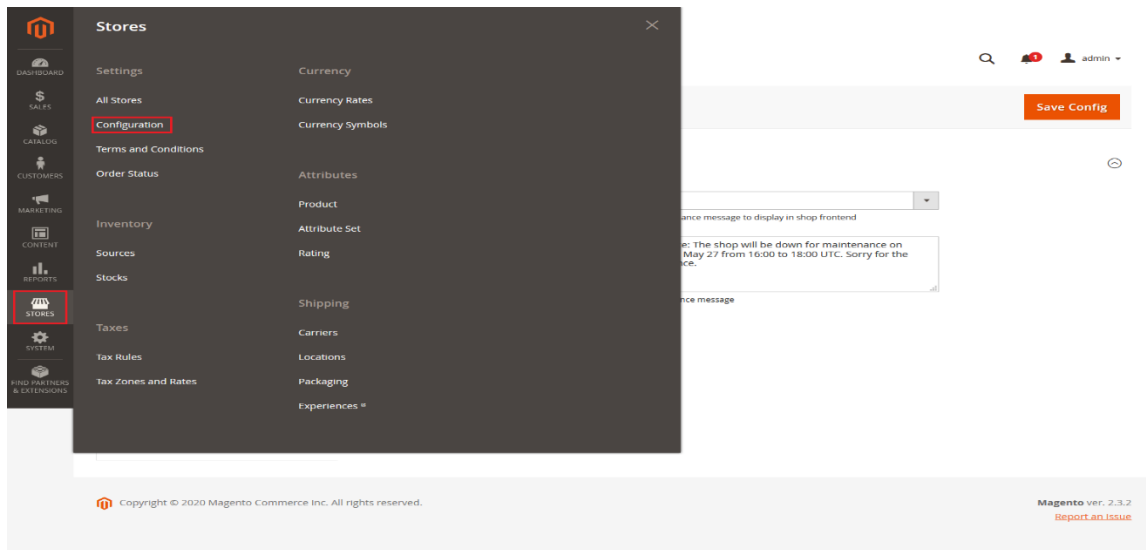

Step 2: Access your web server directories and upload the content of the folder into `app/code/Pits/ContactForPrice/` directory.

Step 3: Run the following commands to complete the installation.

1. Enable the module - `php bin/magento module:enable`
2. Update of the database - `php bin/magento setup:upgrade`
3. Generate and pre-compile classes - `php bin/magento setup:di:compile`
4. Deploy static files - `php bin/magento setup:static-content:deploy`

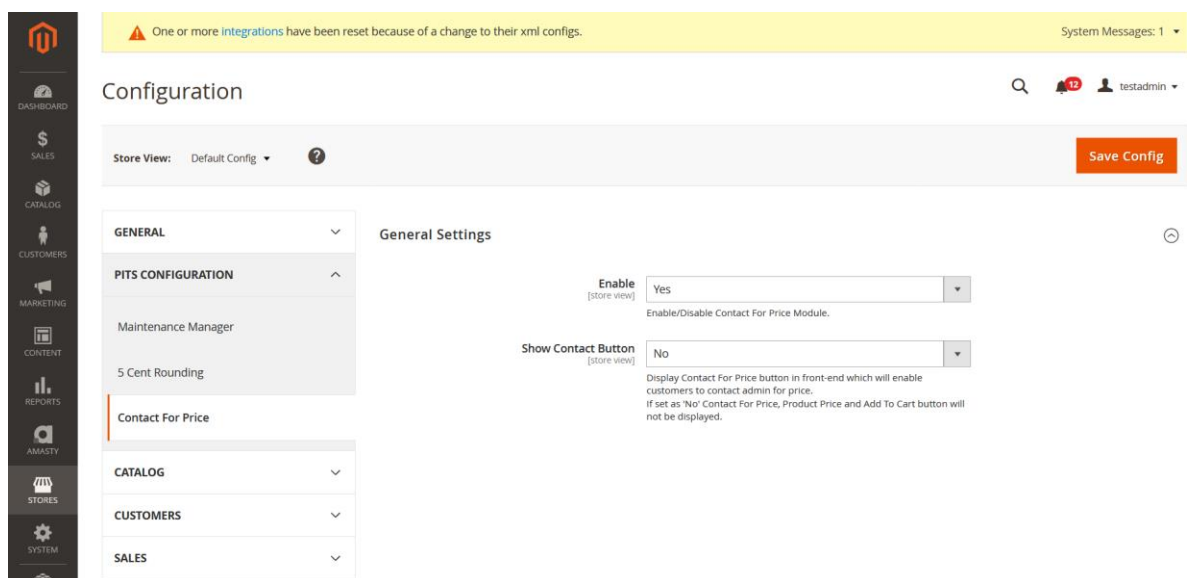

Configuration

From the admin backend, go to **Stores > PITS Configuration > Contact For Price**

Configure Contact For Price

- Enable the module.
 1. Select **Yes** in the Enable dropdown option.

The screenshot shows the Magento Configuration interface. On the left is a vertical sidebar with navigation icons for Dashboard, Sales, Catalog, Customers, Marketing, Content, Reports, Stores, System, and Find Partners & Extensions. The main content area is titled 'Configuration' and shows 'Store View: Default Config'. A 'Save Config' button is in the top right. The 'PITS CONFIGURATION' section is expanded, and 'Contact For Price' is selected and highlighted with a red box. The 'General Settings' for 'Contact For Price' are displayed on the right:

- Enable** [store view]: Yes
- Show Contact Button** [store view]: Yes
- Enable Call For Price** [store view]: No
- Custom Button Label** [store view]: (empty field)
- Contact Email Address** [store view]: test@gmail.com

At the bottom of the page, there is a copyright notice: 'Copyright © 2020 Magento Commerce Inc. All rights reserved.' and the version information: 'Magento ver. 2.3.0' with a link to 'Report an Issue'.

2. Keep **Show Contact Button** option as **No** if you just want to hide price and Add to Cart button of product.

3. Select **Show Contact Button** option as **Yes** if you want to hide price and Add to Cart button of product and display **Request for price** button in place of product price in the frontend. Clicking this button will open a pop-up where customer can submit request for a specific products price.

4. Select **Enable Call for Price** option as **Yes** if you want to enable customers with option to call shop directly via telephone. If the option is enabled '**Call for price**' button will be displayed instead of '**Request for price**' button. On clicking the button telephone application will be opened in the customer's device with Admin's telephone number in it. You can specify the telephone number in the **Telephone Number** field.

6. You can change the **Request for price/Call for price** button label by entering new label in the **Custom Button Label** field.

7. Please enter the email address in the field **Contact Email Address** to where you want to get the request from customers for price.

8. Click **Save Config** and clear the cache. That's it.

To hide price and Add to Cart for a specific product set **Hide Product Price** to **Yes** by editing the product.

The screenshot shows the product configuration page for 'Simple product 1'. At the top, there is a yellow warning banner: 'One or more Integrations have been reset because of a change to their xml configs.' and 'System Messages: 1'. The page title is 'Simple product 1'. On the left is a vertical sidebar with navigation icons for Dashboard, Sales, Catalog, Customers, Marketing, Content, Reports, Amasty, Stores, and System. The main content area contains various configuration fields:

- Enable Product** (website): Yes
- Attribute Set**: Default
- Product Name** (store view): Simple product 1
- SKU** (global): Simple
- Price** (global): 1,100.00
- Advanced Pricing** (link)
- Tax Class** (website): Taxable Goods
- Quantity** (global): 7789970
- Advanced Inventory** (link)
- Stock Status** (global): In Stock
- Weight** (global): lbs, This item has weight
- Visibility** (store view): Catalog, Search
- Categories** (global): Default Category, Test Category, New Category
- Set Product as New From** (website): [] To []
- Country of Manufacture** (website): []
- Color** (global): []
- Hide Product Price** (store view): Yes (highlighted with a red box)

The product will be displayed like below in frontend.

Email will be as below.

A screenshot of an email template for LUMA. The header features the LUMA logo, which is a colorful circular icon with four overlapping segments (blue, green, yellow, orange) and the word 'LUMA' in a bold, sans-serif font. Below the logo is the title 'Request For Price Submission'. The main body of the email contains the following fields: 'Name: Customer Name', 'Email: customer_email@gmail.com', 'SKU: Simple', and 'Telephone:'. Below these is a 'Description:' field with a text box containing the placeholder text 'Please share the best offer for the product.'. At the bottom left of the email body, there are two links: 'About Us' and 'Customer Service', both in blue text.
