

Call for price Extension

Overview

On Product detail, category and search pages instead of 'Add to Cart' 'Call For Price' button will appear against products for which call for price attribute is enabled. Customer can request for product details through this extension and will provide his email and phone number to ensure the admin to contact him back shortly. On admin panel, admin will be provided with the list of users who have sent requests for product details.

Features

- Pop up to collect customers' data on request form.
- Admin grid to display list of requests.
- Hide prices of products.
- Available on product detail, category and search pages.
- Supports all types of products.
- Compatible with 2.3.x and 2.4.x versions.

Installation

Run following command:

Enter following commands to enable the module:

```
php bin/magento module:enable RLTSquare_CallForPrice
```

```
php bin/magento setup:upgrade
```

```
php bin/magento setup:di:compile
```

```
php bin/magento cache:clean
```

```
php bin/magento cache:flush
```

4. If Magento® is running in production mode, deploy static content and then clear the cache:

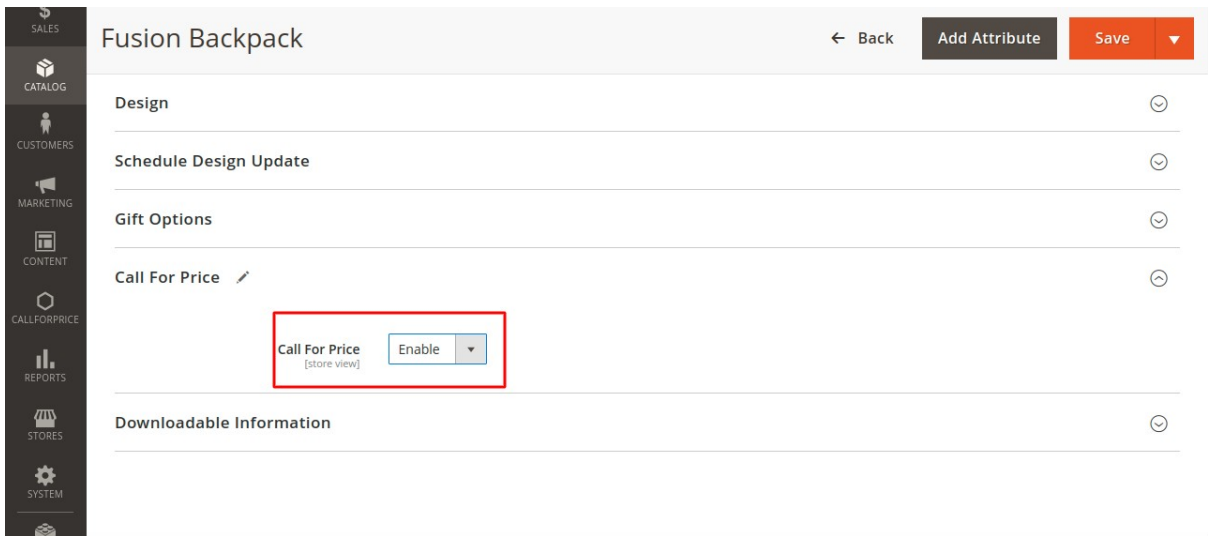

```
php bin/magento setup:static-content:deploy
```

This extension for Magento® works on Magento 2.2 and 2.3 versions. Tested on versions 2.2.5 and above.

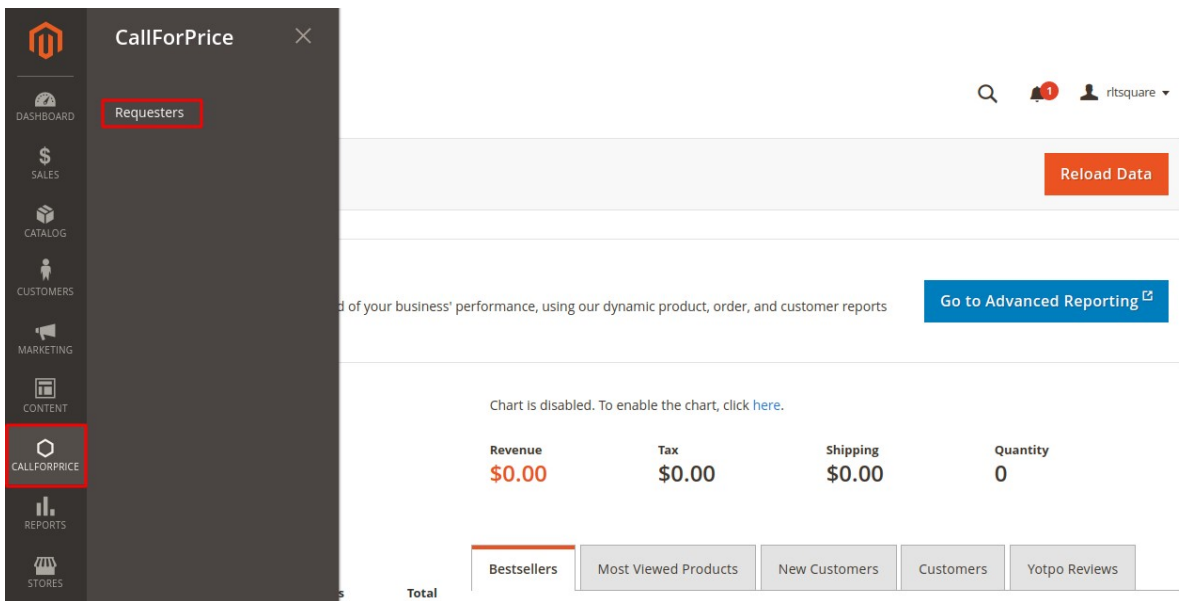

For details, read our blog:

Here are the print screens:

1. Enable 'Call for price' attribute on product page.

2. Call For Price - Requester menu in admin panel

3. Requesters' Grid
