

# Most Viewed Products

## Overview

Most Viewed Products extension for Magento 2 has been developed by the product team at RLTSquare. This extension displays products which are viewed most by customers in your store. You can highlight the Most Viewed Products in your store, attracting customers to buy these products.

It helps you to increase your sales. You can easily set the most viewed products manually as per your need. You can easily setup most viewed products, and our extension provides many options for settings in the admin panel.

Apply AJAX Lazy Load on the slider to decrease the page load time of the website, to fetch those images or thumbnails from the database that fits on the screen size of the webpage. Exclude or include out of stock products.

Hence, not only does this extension help boost your shop's sales, but also satisfies your customers.

## Features

- To show products which are most viewed by the customers in your store
- Number of products in the slider can be increased or decreased in the extension configuration
- Apply AJAX Lazy Load on slider where all the products are displayed
- Visible on Product Page, Home and Category Page
- Exclude or include out of stock products from the slider

## Installation

Run following command:

```
composer require rltsquare/most-viewed
```

Wait while composer is updated.

3. Enter following commands to enable the module:

```
php bin/magento module:enable RLTSquare_MostViewed
```

```
php bin/magento setup:upgrade
```

```
php bin/magento cache:clean
```

```
php bin/magento cache:flush
```

4. If Magento® is running in production mode, deploy static content and then clear the cache:

```
php bin/magento setup:static-content:deploy
```

This extension for Magento® works on Magento 2.1, 2.2 and 2.3 versions. Tested on versions 2.2.5 and above.
