

Product Images Slider

Overview

One of the most important factors to build a successful Magento store, is the owner's finesse in taking care of the customers shopping experience. It is essential to make store browsing as easy as possible without much distraction.

Product Images slider is an extension for Magento that allows user to view all the attached images of products. This extension helps in viewing products by viewing the products in a pop-up slider. Also, this extension enables the store owner to show two to three product images on product page image slider at the same time.

It is guaranteed to improve customer's effective engagement with your online store because of the fact that it allows multiple pictures to be displayed on the product page which grabs the attention of the customer and increase the chance for sale.

When you open the product page you will see multiple product images slider.

Features

- Enable/disable option available for this extension.
- Allow users to view products in a pop-up slider.
- Can also show multiple images on the pop-up slider.
- Helps in having a more clear view of the product.
- Zooms the image when the scroll is placed on the image.
- Show multiple images on the product page image slider.
- Multiple breakpoints are set up for different screen sizes to enhance the responsiveness of the product image slider.

Installation

1. Run following command:

```
composer require rltsquare/product-images-slider
```

2. Wait while composer is updated.

3. Enter following commands to enable the module:

```
php bin/magento module:enable RLTSquare_ProductImagesSlider
```

```
php bin/magento setup:upgrade
```

```
php bin/magento cache:clean
```

```
php bin/magento cache:flush
```

4. If Magento® is running in production mode, deploy static content and then clear the cache:

```
php bin/magento setup:static-content:deploy
```

This extension for Magento® works on Magento 2.2 and 2.3 versions. Tested on versions 2.3.0 and above.

Here are the print screens:

The screenshot shows the Magento 2 Configuration interface. A yellow warning banner at the top states: "One or more of the Cache Types are invalidated: Page Cache. Please go to Cache Management and refresh cache types." The left sidebar contains a navigation menu with categories like GENERAL, SECURITY, CATALOG, CUSTOMERS, SALES, PRODUCT IMAGES SLIDER (highlighted with a red box), DOTMAILER, SERVICES, and ADVANCED. The main content area is titled "Product Images Slider" and contains the following settings:

- Enable: Yes
- Images To Show In Slider: 2
- Images Slider Breakpoint 1: 2 (Number of images show in slider (for screensize 1190px))
- Images Slider Breakpoint 2: 2 (Number of images show in slider (for screensize 991px))
- Images Slider Breakpoint 3: 1 (Number of images show in slider (for screensize 768px))
- Images Slider Breakpoint 4: 1 (Number of images show in slider (for screensize 360px))
- Images To Show In Popup Slider: 1
- Popup Slider Breakpoint 1: 1 (Number of images show in slider (for screensize 1190px))
- Popup Slider Breakpoint 2: 1 (Number of images show in slider (for screensize 991px))
- Popup Slider Breakpoint 3: 1 (Number of images show in slider (for screensize 768px))
- Popup Slider Breakpoint 4: 1 (Number of images show in slider (for screensize 360px))

A red speech bubble with the text "Extension Enable and custom configuration" points to the "Enable" dropdown menu. A "Save Config" button is located in the top right corner of the configuration area.
