## User Guide for Magento 2

# How to install a Safemage extension (Marketplace)

The Marketplace version of the extension can be installed via CLI. For complete guide, please navigate to <https://devdocs.magento.com/extensions/install/>.

As the extension's Composer name, please use the following:

***safemage/catalogdiscountincart***

💡 If you enable/disable the extension in Stores → Configuration → SafeMage → Extensions while Magento is in Production Mode, you might need to re-run `setup:upgrade` and `setup:di:compile`.

# How to install a Safemage extension

To install the extension, please follow the steps below:

1. Extract the contents of the downloaded package
2. Upload the contents of the 'extension' folder to the root folder of Magento 2
3. Connect to the server via SSH and navigate to the folder with Magento 2
4. Execute the command: `php bin/magento setup:upgrade`
5. Enjoy the show!
