

Satispay Magento 2 Plugin

satispay

- ✓ **REAL TIME PAYMENTS**
Transactions are immediate and can be viewed from your Dashboard.
- ✓ **AFFORDABLE AND SECURE**
Thanks to our independence from traditional card payment systems.
- ✓ **HIGHER CONVERSION RATES**
Faster checkout with no additional passwords means less barriers for your clients.

Requirements

- PHP Extensions: curl, json and mbstring
- PHP Version: 7.0.13+
- Magento Version: 2.3+

Steps to activate the plugin on your e-commerce

1. Upload the plugin into Magento
2. Go to [Dashboard](#) and login

3. Create an Online Shop of "Plugin e-commerce" type

The screenshot shows the Satispay dashboard with a sidebar on the left containing navigation links: Home, Transazioni, Versamenti, Negozi Fisici, Negozi Online, Kit Promozionale, Il tuo profilo, and Log out. The main content area is titled 'Crea un nuovo negozio online' and includes a sub-header 'SCEGLI IL TIPO DI NEGOZIO ONLINE'. Below this, there is a note: 'Accetta pagamenti con Satispay sul tuo sito web o appi integrando semplicemente il plugin adatto.' Three radio buttons are present: 'Plugin e-commerce' (selected), 'API', and 'Link'. Below the radio buttons are four input fields: 'NOME NEGOZIO ONLINE', 'EMAIL', 'WEBSITE URL', and 'IBAN'. A note next to the IBAN field states: 'L'IBAN servirà per depositare i tuoi incassi giornalieri e non sarà reso pubblico. Scegli tra gli iban già utilizzati qui.'

4. Generate a six characters Activation Code

The screenshot shows the Satispay dashboard with a sidebar on the left. The main content area is titled 'Dettagli' and shows details for a 'PokeShop' business. A dialog box titled 'Crea codice di attivazione' is open, showing the following content: 'SCEGLI IL TIPO DI CODICE' with radio buttons for 'Codice di attivazione' (selected) and 'Security bearer'. A checkbox is checked with the text: 'Inserisci questo codice di attivazione nella configurazione del tuo e-commerce'. The activation code '5SZS8V' is displayed in large font. Below the code, it says: 'Il codice di attivazione è un codice temporaneo di 6 cifre che ti verrà richiesto per configurare Satispay nel tuo e-commerce.' A note below states: 'Il codice è valido per un singolo uso; per una nuova configurazione dovrai ripetere la procedura.' A 'Chiudi' button is at the bottom of the dialog. In the background, a 'Crea codice di attivazione' button is visible on the dashboard.

5. Configure Satispay from your e-commerce plugin settings

The screenshot shows the Satispay configuration settings for an e-commerce plugin. The Satispay logo is at the top left. The text reads: 'Satispay is mobile payment platform, independent from debit and credit card networks, usable by anybody with a bank account, acceptable by any merchants using any kind of devices and POS.' A 'Close' button is at the top right. Below this, there are three configuration options: 'Enabled [website]' set to 'Yes', 'Title [store view]' set to 'Satispay', and 'Sandbox [store view]' set to 'No'. A note below the Sandbox option says: 'Set this to "Yes" to test payments'. A 'Configure with an Activation Code' button is at the bottom.

6. Paste the six characters Activation Code in the authentication page

The screenshot shows the Satispay authentication page for Magento. The Satispay logo is at the top right. The Magento logo is at the top center. The text reads: 'Genera un codice di attivazione a 6 caratteri dalla sezione Negozi Online della Dashboard Satispay.' Below this text is a dashed line for pasting the code. A red 'CONFERMA' button is at the bottom. At the very bottom, there is a link: 'Registrati a Satispay Business'.
