|       Magento 2.0 Module Installation Steps          |
+-----------------------------------------------+
```

Thank you for your order. These are the steps to install the Magento 2.0 module.

1. Unzip the file and copy the folder into the <magento root>/app/code folder
2. Open a new terminal/SSH screen and cd into your Magento root directory
3. Execute these commands:
        php bin/magento module:enable --clear-static-content Schogini_Payeezy
        php bin/magento setup:upgrade
4. That's it. Now, the module has been installed
5. Go to your Dashboard>Stores>Sales>Payment Methods and you could see a new section 'Payeezy Gateway'.

Please feel free to email us if, you need any assistance with the installation.

Thank you.
Regards
