

Installation

- Download the module
- Unzip the file
- Copy all content from archive to {Magento 2 Root Folder}/app/code/SebWeo/LastReviews folder

How to enable module:

Run commands in console from root site folder:

- php bin/magento module:enable SebWeo_LastReviews
- php bin/magento setup:upgrade
- php bin/magento setup:static-content:deploy
- php bin/magento cache:clean

How to display in frontend:

- Login your Magento admin panel
- Select **Stores -> Configuration -> SebWeo -> Last Reviews** tab
- Switch Enabled to **Yes** and press Save Config button
- After that, you need to refresh cache at **System -> Cache Management**

Settings by default:

- Number of Reviews for HomePage – 5
- Number of Reviews for Sidebar – 3
- Reviews Bootstrap Carousel – Disabled

How to change settings:

Login to your Magento Admin panel, then go to **Stores -> Configuration -> SebWeo -> Last Reviews** tab and change settings by your needs

Thank you for purchasing!
