

Print Product Page

[Installation/User Guide](#)

Installation Process:

Note: Please take a backup of your all Magento files and database before installing or updating any extension.

Extension Installation:

- Download the Print Product Page .ZIP file from the Magento account.
- Log in to the Magento server (or switch to) as a user, who has permission to write to the Magento file system.
- Create folder structure **/app/code/Solwin/Printpage/** to your site root directory
- Extract the contents of the .ZIP file to the folder you just created
- Navigate to your store root folder in the SSH console of your server:
- Run upgrade command as specified : **php bin/magento setup:upgrade**
- Run deploy command as specified : **php bin/magento setup:static-content:deploy -f**
- Clear the cache either from the admin panel or command line **php bin/magento cache:clean**
- Now, you can see the Solwin menu in the admin panel. Please go to **Solwin -> Print Product Page -> Configuration** and select **Enable** to Yes.
- Change/Set all other options as per your requirements and save settings.

Overview:

Print Product Page Magento extension provides a clean print of product detail page without unnecessary header, footer & sidebar. Once a user clicks on 'Print this page' link on the product details page, product details page will be ready for print in a new window with the store logo in the header, product URL, product image, and product attributes like product SKU, price, description, etc.

Easily enable/disable the "Print this page" link on the product details page from the admin control panel.

Print Product Page Magento extension displays the following product attributes in a new print window

- Product Name
- Product Base Image
- Product Availability (In stock or Out of stock)
- Product SKU
- Product Price
- Product Description
- Additional Address
- Additional Notes
- Show Product Star Rating
- Show Customer Review
- Show Review Count

Key Features:

- Comes with a user-friendly interface. It adds 'Print this page' link to the product detail page to print product information.
- Easily manageable from the admin control panel
- Set auto print dialog setting of system to print page once the user clicks on "**PRINT THIS PAGE**" link.
- Display the product's all attributes and its details on the print page. It removes unnecessary header, footer & sidebar from the print page.
- Print custom store address on the print page.
- Allows to adding Additional Block for printing
- Allows to choosing to display Product Star Rating, Review Count, Customer Review, etc. in the print or not.

Admin control panel:

In the Configuration tab, this extension allows the store owner to enable or disable the module from admin.

Go to **Solwin >> Print Product Page >> Configuration.**

Terms and Conditions

Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged. It was popularised in the 1960s with the release of Letraset sheets containing Lorem Ipsum passages, and more recently with desktop publishing software like Aldus PageMaker including versions of Lorem Ipsum.

And yes if the store admin set the “Yes” to “Enable Auto Print” option in configuration then following default print window will be open automatically.
