

Product Reviews

Installation/User Guide

Installation Process:

Note: Please take a backup of your all Magento files and database before installing or updating any extension.

Extension Installation:

- Download the Product Reviews .ZIP file from the Magento account.
- Log in to the Magento server (or switch to) as a user, who has permission to write to the Magento file system.
- Create folder structure **/app/code/Solwin/Productreview/** to your site root directory
- Extract the contents of the .ZIP file to the folder you just created
- Navigate to your store root folder in the SSH console of your server:
- Run upgrade command as specified : **php bin/magento setup:upgrade**
- Run deploy command as specified : **php bin/magento setup:static-content:deploy -f**
- Clear the cache either from the admin panel or command line **php bin/magento cache:clean**
- Now, you can see the Solwin menu in the admin panel. Please go to **Solwin -> Product Review -> Configuration** and select **Enable** to Yes.
- Change/Set all other options as per your requirements and save settings.

Overview:

Product Review Magento2 extension allows customers to upload an image with a product review form. This extension increases sales, reduce the number of rejections or returns goods, decorate the review page, it increase the number of visitors. This extension provides a landing page for all the product reviews. From that customers can view all the reviews. If the customer is registered then it displays customer name & email, otherwise, it display guest customers. Allows store owner to display product review on CMS pages & static blocks as a widget. Set review image width from the admin control panel. Show/Hide guest customer reviews from the admin control panel. Show/Hide review image from product review form in the admin control panel.

Key Features:

The Extension provides the below features

- Easy to install and manage.
- Ability to enable/disable from the admin control panel.
- Allows customers to upload images with product reviews.
- Both registered & guest customers can upload images with a review.
- Display product review on CMS pages & static blocks as a widget.
- Set review image width form the admin control panel.
- Allow store owners to add top & footer links from the admin control panel.

Admin control panel:

In the admin control panel from **Solwin >> Product Review >> Configuration** menu, the Product Review magento 2 extension allows store owners to enable or disable the module in the store and provide more configuration options for a product review.

There are some configuration options for a product review. Let's discuss all in more detail.

Customer Reviews

There are many variations of passages

Lorem Ipsum available, but the majority have suffered alteration in some form, by injected humour, or randomised words which don't look even slightly believable. If you are going to use a passage of Lorem Ipsum, you need to be sure there isn't anything embarrassing hidden in the middle of text. All the Lorem Ipsum generators on the Internet tend to repeat predefined chunks as necessary, making this the first true generator on the Internet

By Alex Jos 12/25/18

The standard Lorem Ipsum passage

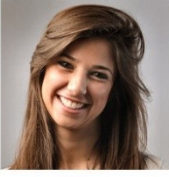

Sed ut perspiciatis unde omnis iste natus error sit voluptatem accusantium doloremque laudantium, totam rem aperiam, eaque ipsa quae ab illo inventore veritatis et quasi architecto beatae vitae dicta sunt explicabo. Nemo enim ipsam voluptatem quia voluptas sit aspernatur aut odit aut fugit, sed quia consequuntur magni dolores eos qui ratione voluptatem sequi nesciunt. Neque porro quisquam est, qui dolorem ipsum quia dolor sit amet, consectetur, adipisci velit, sed quia non numquam eius modi tempora incidunt ut labore et dolore magnam aliquam quaerat voluptatem

By Davide miller 12/25/18

Show 10 per page

In header and footer also display the "Product Review" page link and it displays all product reviews on a single page.
