## Installation/User Guide

## Table Rate Shipping

### Installation Process:

**Note:** Please take a backup of your all Magento files and database before installing or updating any extension.

### Extension Installation:

- Download the Table Rate Shipping .ZIP file from the Magento account.
- Log in to the Magento server (or switch to) as a user, who has permission to write to the Magento file system.
- Create folder structure **/app/code/Solwin/TableRateShipping/** to your site root directory.
- Extract the contents of the .ZIP file to the folder you just created.
- Navigate to your store root folder in the SSH console of your server:
- Run upgrade command as specified : **php bin/magento setup:upgrade**
- Run deploy command as specified : **php bin/magento setup:static-content:deploy -f**
- Clear the cache either from the admin panel or command line **phpbin/magento cache:clean**
- Now, you can see the Solwin menu in the admin panel. Please go to **Solwin -> Table Rate Shipping -> Configuration** and select **Enable** to Yes.
- Change/Set all other options as per your requirements and save settings.
