USER GUIDE

Version 1.0.2

Welcome to FAQ Extension for Magento 2 developed by Sparsh.

This extension assists customers to find the common inquiries on the knowledge base and FAQ lists. The module allows the admin to add questions and answers and list them on the front end with Tabs / Categories.

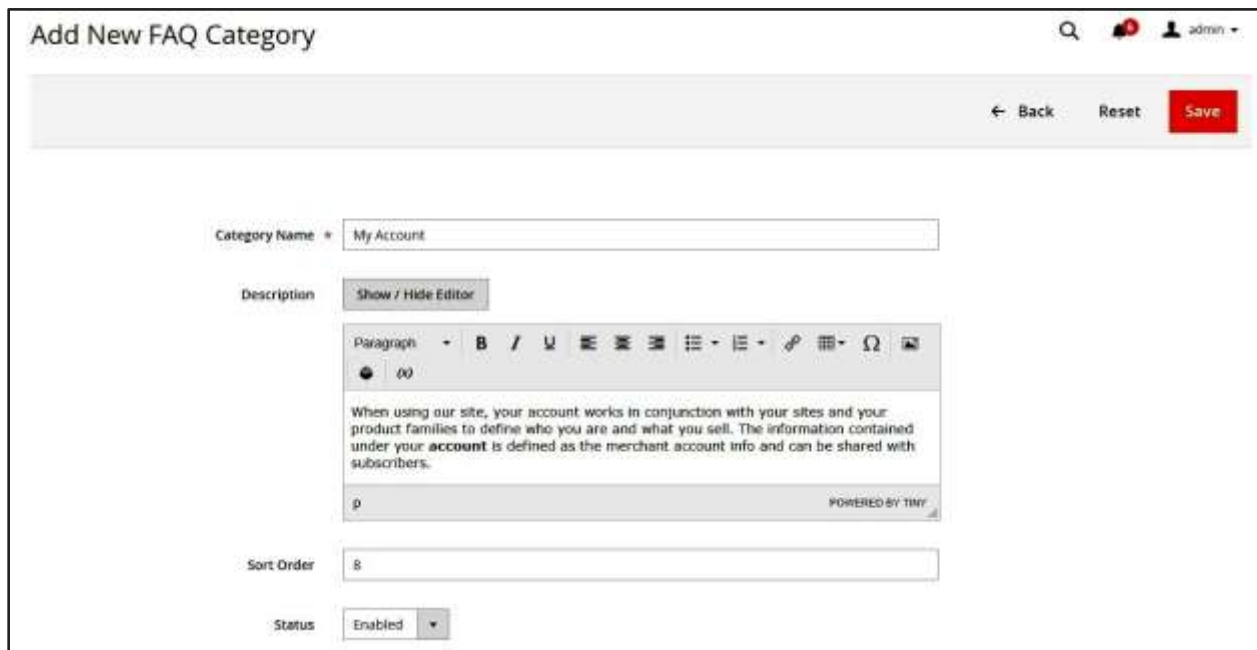

Every below steps helps to show FAQ on your site.

1. HOW TO ADD NEW FAQ CATEGORY

Go to [Magento 2 Admin] > Login > FAQ > Manage FAQ Category > Add New FAQ Category

Fill the form details to add a new FAQ Category:

- **Category Name:** Enter name of FAQ category.
- **Description:** Enter description of FAQ category.
- **Sort Order:** Position / Order to display categories on frontend. E.g. 0, 1, 2 ... It will be displayed in ascending order.
- **Status:** Status can be set as enabled or disabled according to requirements.

The screenshot shows the 'Add New FAQ Category' form in the Magento 2 Admin interface. The form is titled 'Add New FAQ Category' and includes a search icon, a user profile icon labeled 'admin', and navigation buttons: 'Back', 'Reset', and 'Save'. The form fields are:

- Category Name:** A text input field containing 'My Account'.
- Description:** A rich text editor with a 'Show / Hide Editor' button. The editor contains the text: 'When using our site, your account works in conjunction with your sites and your product families to define who you are and what you sell. The information contained under your **account** is defined as the merchant account info and can be shared with subscribers.' The editor is powered by TinyMCE.
- Sort Order:** A text input field containing '8'.
- Status:** A dropdown menu set to 'Enabled'.
