

# Attribute based pages management

Look at [frontend screenshots](#) on a separate page.

## Attribute based pages grid

This page is available in `Swissup > Attribute Pages > Manage Pages` menu.

You are allowed to view, edit and create all available Attribute Based pages (Brand pages).

The screenshot displays the Swissup admin dashboard. On the left is a dark sidebar menu with icons and labels for various sections: DASHBOARD, SALES, PRODUCTS, CUSTOMERS, MARKETING, CONTENT, SWISSUP, REPORTS, STORES, and SYSTEM. The 'Attribute Pages' section is highlighted. The main content area shows a table of attribute-based pages. At the top right of the main area, there is a search icon, a notification bell with '1', and a user profile 'admin'. Below this is a red 'Add New Page' button. The table has columns for Name, URL Key, Layout, Attribute, Store View, Status, and Action. The table contains 10 rows of data, each representing a different attribute.

Name	URL Key	Layout	Attribute	Store View	Status	Action
Activity	activity		Activity	All Store Views	Enabled	Select
Category Gear	category_gear		Category Gear	All Store Views	Enabled	Select
Climate	climate		Climate	All Store Views	Enabled	Select
Collar	collar		Collar	All Store Views	Enabled	Select
Color	color		Color	All Store Views	Enabled	Select
Features	features_bags		Features	All Store Views	Enabled	Select
Format	format		Format	All Store Views	Enabled	Select
Gender	gender		Gender	All Store Views	Enabled	Select
Material	material		Material	All Store Views	Enabled	Select

## Create attribute page

While creating the initial Attribute page, you will be prompted to select the attribute:

[← Back](#)

## PAGE INFORMATION

Attribute

## Select Attribute

Attribute \* 

In case you don't see any attributes in dropdown, you have to navigate to `Stores > Attributes > Product` and add new one with `Dropdown` or `Multiple Select` input type and **it should have at least one available option**.

After clicking `Continue` button you will be redirected to [Attribute page form](#)

## Attribute page form

Attribute page form consists of four tabs:

- [Page Information](#)
- [Content](#)
- [Display Settings](#)
- [Options](#)

### Page information tab

Page information tab comes with the following fields:

Field	Description
Name	Page identifier for store owner
Title	Used by <code>Swissup\Attributepages\Block\Attribute\PagesList</code> block and widget. It's also used as a <code>Page Title</code> if the content tab does not redefine it.
Url key	Frontend url where the page will be available
Store View	List of store views, where the current page should be available

Field	Description
Enabled	Attribute page status

## Content tab

Content tab comes with the following fields:

Field	Description
Page Title	Used for page H1 tag and meta title
Description	Will be shown above options list (brands list)
Meta Keywords	Page Keywords
Meta Description	Page Description

## Display settings tab

Display settings tab comes with the following fields:

Field	Description
Layout	Page Layout (Standard magento layout select field)
Layout Update XML	This field can be used to add or remove additional blocks
Display Mode	Page display mode (Description and children, Description only, Children only)
Columns Count	Attribute options column count
Group Options by First Letter	Handy, when you have really many attribute options (brands) count
Listing Mode	Show as Images or as Links
Image Width	Image Width
Image Height	Image Height

## Options tab

Options tab comes with attribute options grid where you can change urls quickly, assign images and thumbnails for each of the attribute option (brand).

Search [Reset Filter](#) 9 records found 20 per page 1 of 1

Exclude from Display	ID	Name ↓	URL Key	Image	Thumbnail
<input type="checkbox"/>	215	burberry	<input type="text" value="burberry"/>	 <input type="button" value="Browse..."/> No file selected.	<input type="button" value="Browse..."/> No file selected.
<input type="checkbox"/>	216	chanel	<input type="text" value="chanel"/>	 <input type="button" value="Browse..."/> No file selected.	<input type="button" value="Browse..."/> No file selected.
<input type="checkbox"/>	217	dior	<input type="text" value="dior"/>	 <input type="button" value="Browse..."/> No file selected.	<input type="button" value="Browse..."/> No file selected.
<input type="checkbox"/>	218	dolce-and-gabbana	<input type="text" value="dolce-and-gabbana"/>	 <input type="button" value="Browse..."/> No file selected.	<input type="button" value="Browse..."/> No file selected.
<input type="checkbox"/>	219	georgio-armani	<input type="text" value="georgio-armani"/>	 <input type="button" value="Browse..."/> No file selected.	<input type="button" value="Browse..."/> No file selected.
<input type="checkbox"/>	220	gucci	<input type="text" value="gucci"/>	 <input type="button" value="Browse..."/> No file selected.	<input type="button" value="Browse..."/> No file selected.
<input type="checkbox"/>	221	louis-vuitton	<input type="text" value="louis-vuitton"/>	 <input type="button" value="Browse..."/> No file selected.	<input type="button" value="Browse..."/> No file selected.
<input type="checkbox"/>	222	prada	<input type="text" value="prada"/>	 <input type="button" value="Browse..."/> No file selected.	<input type="button" value="Browse..."/> No file selected.
<input type="checkbox"/>	223	tiffany	<input type="text" value="tiffany"/>	 <input type="button" value="Browse..."/> No file selected.	<input type="button" value="Browse..."/> No file selected.

Field	Description
Exclude from Display	These options(brands) will not be shown at the Attributepage and widgets
Url Key	Frontend url, where the page will be available (PAGE_URL/OPTION_URL)
Image	Image to show at the Attributepage and widgets
Thumbnail	Image to show, when tiny logo size is needed. See <a href="#">Use cases</a> page.
