Banner Manager

Go to admin > Content > Banner Slider > Manage Banner

The screenshot shows the 'New Banner' configuration page in the Magento Admin interface. On the left is a vertical sidebar with navigation icons for Dashboard, Sales, Products, Customers, Marketing, Content, Reports, Stores, System, and Find Partners & Extensions. The main content area is titled 'New Banner' and includes a search icon, a notification bell with '1', and a user profile for 'admin'. Below the title is a 'Store View' dropdown set to 'All Store Views' and a help icon. Action buttons include 'Back', 'Reset', 'Save and Continue Edit', and a prominent orange 'Save Banner' button. The 'BANNER INFORMATION' section is active, showing a 'Banner Information' tab. The form fields are: 'Name *' (text input, [STORE VIEW]), 'Status' (dropdown menu, 'Enabled', [STORE VIEW]), 'Slider' (dropdown menu, 'Please select a slider', [GLOBAL]), 'Alt Text' (text input, 'Used for SEO', [STORE VIEW]), 'Caption' (text input, 'Show / Hide Editor', [STORE VIEW]), and 'URL' (text input, [STORE VIEW]).

Slider Mange

Go to admin > Content > Banner Slider > Manage Slider

The Slider Manager interface includes a sidebar with navigation options: DASHBOARD, SALES, PRODUCTS, CUSTOMERS, MARKETING, CONTENT, and REPORTS. The main header shows 'Slider Manager' and user information. A table lists slider records with columns for Slider ID, Title, Position, Slider's Mode, Status, and Edit. One record is visible: Slider ID 1, Title 'Home Page Slider', Position 'Homepage content top', Slider's Mode 'FlexSlider 1', and Status 'Enabled'.

Slider ID	Title	Position	Slider's Mode	Status	Edit
1	Home Page Slider	Homepage content top	FlexSlider 1	Enabled	Edit

The 'New Slider' configuration form includes a sidebar with navigation options: DASHBOARD, SALES, PRODUCTS, CUSTOMERS, MARKETING, CONTENT, REPORTS, STORES, SYSTEM, and FIND PARTNERS & EXTENSIONS. The main form is titled 'Slider Information' and contains the following fields:

- Title *
- Show Title: Enabled
- Slider Status: Enabled
- Select available Slider Styles: Yes
- Select Slider Mode: FlexSlider 1
- Sort type: Random
- Animation Effect: Slide
- Speed: 4500

General 😊

Add code below to a template file.
`$this->getLayout()->createBlock("SWTSlider\BlockSliderItem")->setSliderId(your_slider_id)->toHtml();`

You can put a slider on a cms page. Below is an example which we put a slider with slider_id is your_slider_id on a cms page.
`{{block class="SWTSlider\BlockSliderItem" name="Slider.slidercustom" slider_id="your_slider_id"}}`

Please copy and paste the code below on one of xml layout files where you want to show the banner. Please replace the your_slider_id variable with your own slider id.

```
<block class="SWTSlider\BlockSliderItem">
  <action method="setSliderId">
    <argument name="sliderId" xsi:type="string">your_slider_id</argument>
  </action>
</block>
```
