

User Guide

1. Overview

One Step Checkout extension helps customers to checkout simply and quickly by displaying all elements on 1 page only. Display all checkout steps on one page to let visitors instantly modify necessary information and complete purchases as fast as possible. Therefore, the checkout process becomes more user-friendly, which can reduce the abandonment rate and bring a higher conversion rate for online stores.

2. How Does It Work?

Please go to **Stores ⇒ Configuration ⇒ Tridhyatech Extensions ⇒ One Step Checkout**.

2.1 In General
