

Download plugin to the site

Modified on: Tue, 3 Jan, 2017 at 2:38 PM

1. Go to page Magento Connect extensions (modules) **TriggMine**:<https://www.magentocommerce.com/magento-connect/triggmine-triggered-messaging-for-e-commerce.html> (<https://www.magentocommerce.com/magento-connect/triggmine-triggered-messaging-for-e-commerce.html>)
2. Follow the standard installation instructions via extensions **Magento Connect**:<http://info2.magento.com/rs/magentosoftware/images/InstallingMagentoConnectExtensions4%200.pdf> (<http://info2.magento.com/rs/magentosoftware/images/InstallingMagentoConnectExtensions4%200.pdf>)
3. After successfully installing the extension, go to the **module configuration** (<https://triggmine.freshdesk.com/solution/articles/22000037925-setting-the-module-parameters>) page using the main admin menu **TriggMine > TriggMine Settings**
