

## Installation from ZIP file

1. Create a folder in `app/code/truendo/integration`
2. Unzip the .zip file in `app/code/truendo/integration`
3. Run the following commands from Magento root directory to enable the TRUENDO extension:

```
php bin/magento module:enable Truendo_Integration
php bin/magento setup:upgrade
php bin/magento setup:di:compile
php bin/magento cache:clean
php bin/magento cache:flush
```

If your Magento is running in production mode then run the following command:

```
php bin/magento deploy:mode:set production
```

## Configuration

1. Copy your Site-ID from the console  
(<https://console.truendo.com/#/domain/banner-configurator>)
2. In Admin navigate to  
`Stores -> Configuration -> TRUENDO -> Integration Settings`
3. Paste your Site-ID in the Input field.
