1. Social Share Configuration

Once you are finished with installing the extension it is time to proceed to your Magento 2 backend to finalize the Social Share setup.

Before start using the extension we suggest running through the Social Share extension settings and other options available to adjust the settings. This will help in better understanding of how the extension functions and what can you expect your social share to look and feel like.

1.1. Accessing the Extension Main Settings

The screenshot displays the Ulmod admin interface. On the left is a dark sidebar menu with the following categories and items:

- Stores (with a close button 'X')
- Settings
 - Attributes
 - Product
 - Attribute Set
 - Rating
- All Stores
- Configuration
- Terms and Conditions
- Order Status
- Taxes
 - Tax Rules
 - Tax Zones and Rates
- Currency
 - Currency Rates
 - Currency Symbols
- System
- Find Partners & Extensions

The main content area shows a configuration table with a 'Reload Data' button in the top right. The table has columns for 'Tax', 'Shipping', and 'Quantity'. Below the table, a list of items is visible, including 'Boulder Tote', 'Fitness IV', and 'Weather Tank-L-Gray'.

To access the configuration settings for this extension, please go to **Stores > Configuration > Ulmod Extensions > Social Share.**

1.2. General

Enable – Set 'Yes' to enable social share in frontend or 'No' to disable social share in frontend

Enable
[store view]

Yes

If Yes, the extension will be enabled in storefront.

Sharing Service

Display Sharing services
[store view]

Display all sharing services

Individual Sharing services : If selected, Individual sharing button service will display. Please select your desired service for this case.

All Sharing services : If selected, All sharing services button will display instead of individual sharing button.

Choose the sharing services to display :

- **Individual Sharing services** : If selected, individual sharing button service will display. Please select your desired service for this case.
- **All Sharing services** : If selected, all sharing services button will display instead of individual sharing button.
