

Dimensional Shipping for Magento 2- Installation Instructions and User Guide

Installation:

Before Installing the Extension, backup your web directory and store database. Then, log into the admin panel and then clear the cache.

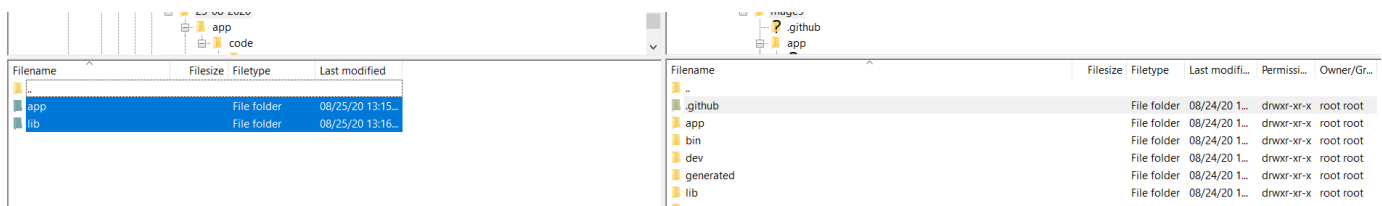

Go to your admin dashboard and navigate to **System> Cache Management**

Step 1 : Extract the archive (W2M_Modulename-version.zip)

Step 2 : Upload the **app** and **lib** folder in Magento2 root directory. If you purchased extension from Marketplace then you need to download "lib" folder here.

[lib.zip](#)

Step 3 : Now after the successful upload, Open the terminal (cmd), then run the command on Magento2 root directory-**"php bin/magento setup:upgrade"**

```
Gruntfile.js      shippo.php
index.php         put
LICENSE_AFL.txt  setup
LICENSE.txt      shippo.php
MSample2.zip     update
nginx.conf.sample var
package.json     vendor
php.ini

/var/www/html/magento2now# php bin/magento setup:upgrade
```

Run this command in the Magento2 Root- “php bin/magento setup: static-content:deploy”

```
Gruntfile.js      shippo.php
index.php         put
LICENSE_AFL.txt  setup
LICENSE.txt      shippo.php
MSample2.zip     update
nginx.conf.sample var
package.json     vendor
php.ini

/var/www/html/magento2now# php bin/magento setup:static-content:deploy
```

User Guide:

STEP: 1 Click to Sales->W2M Dimensional Containers

The screenshot shows the Magento 2.4.0 dashboard. On the left sidebar, the 'W2M Dimensional Containers' menu item is highlighted with a red box. In the top right corner, there is an orange button labeled 'Add New Container Box' also highlighted with a red box. Below the button is a table with the following data:

Title	Length	Width	Height	Weight	Max Weight
TEST	2.0000	2.0000	2.0000	1.0000	10.0000

STEP: 2 Click to Add Container for adding Container

STEP: 5 Click to Edit or Add Product

The screenshot shows a 'Products' management interface. At the top right, there is an 'Add Product' button. Below it are filters, a 'Default View' icon, and a 'Columns' dropdown. A summary bar indicates '2 records found' and '20 per page'. The main table has the following data:

ID	Thumbnail	Name	Type	Attribute Set	SKU	Price	Quantity	Visibility	Status	Websites	Action
2		testtest	Simple Product	Default	testtest	\$12.00	9988.0000	Catalog, Search	Enabled	My e-commerce	Edit
3		testtest 24	Simple Product	Default	testtest-1	\$12.00	10000.0000	Catalog, Search	Enabled	My e-commerce	Edit

STEP: 6 Fill product Dimensional information and save

The screenshot shows the product edit page for 'testtest'. At the top right, there are 'Back', 'Add Attribute', and 'Save' buttons. The page is divided into sections: Design, Schedule Design Update, Gift Options, and Dimensional Shipping Details. The 'Dimensional Shipping Details' section is highlighted with a red box and contains the following input fields:

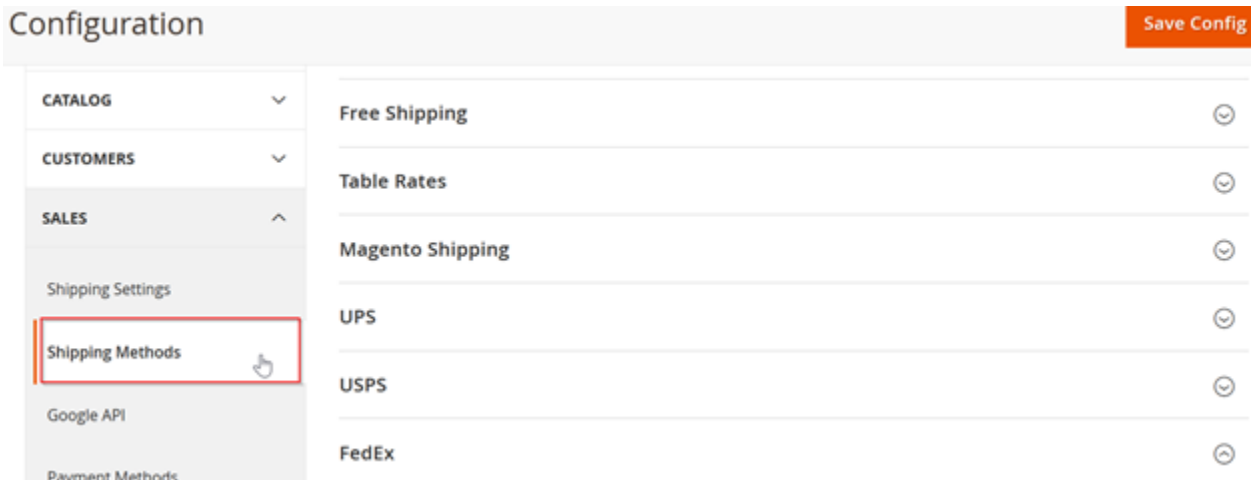

Dimensional Length (global)	10
Dimensional Width (global)	10
Dimensional Height (global)	10

STEP: 7 Click to Store->Configuration

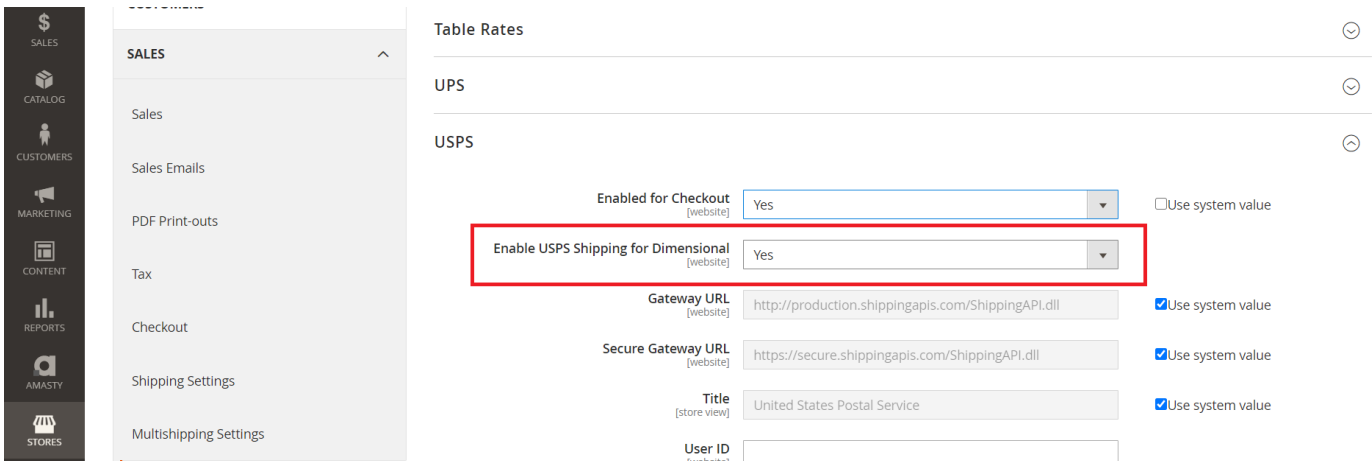

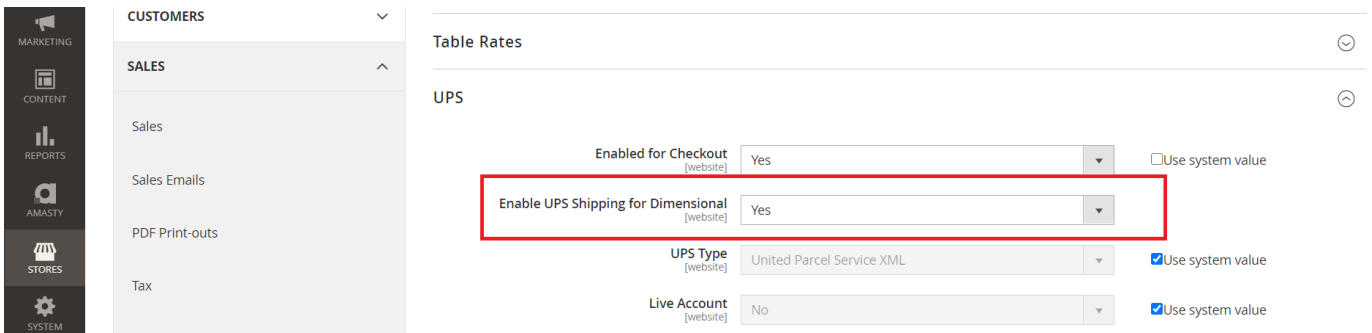

The screenshot shows the 'Stores' configuration menu. The 'Configuration' option is highlighted with a red box. The background shows a table with shipping-related data:

Height	Weight	Maxweight
25.0000	1.0000	20.0000

STEP: 8 Click to Sales->Shipping Method (Delivery Methods)

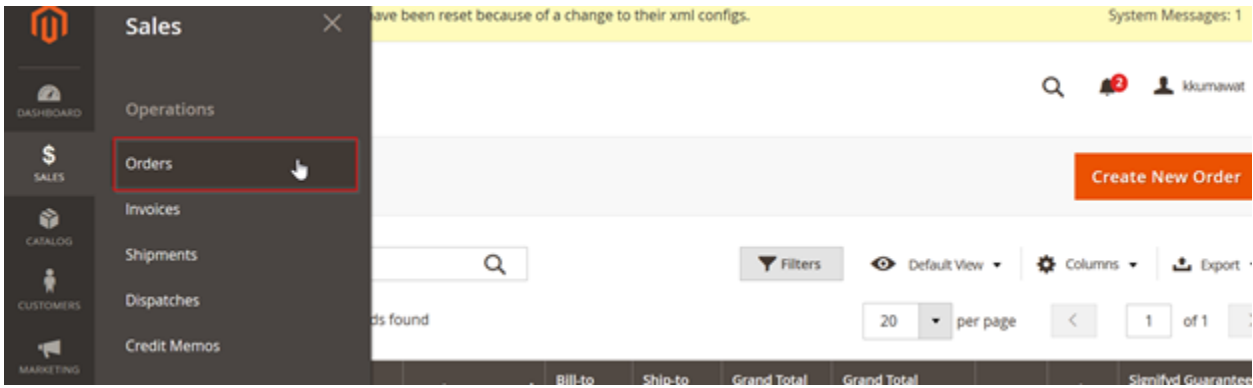

STEP: 9 Select yes option for enabling dimensional rates under the shipping method you want to use.

STEP: 10 Please Place an order with Dimensional product and you will see the UPS shipping with dimensional rates on checkout cart and checkout page.

STEP: 11 Click to Sales ->Order

STEP: 12 Click to View for checking which container are using this order

Search by keyword Filters Default View Columns Export
