

Payment Shipping Restriction

Version 1.0.0

Overview

Sometimes store owner have requirement to **restrict** some of the **shipping** or **payment** method to the particular customer group. But by default there is no such functionality available by default which allow admin to set such rules for payment and shipping.

So fulfill this requirement we have developed extension which allow Admin to **Restrict Payment and Shipping** methods from the admin without changing any code.

Functionality

1. Restrict Shipping method by customer group
2. Restrict Payment method by customer group

Installation

- Extract the zip folder and upload our extension to app/code folder
- Run following command
 - php bin/magento setup:upgrade
 - php bin/magento setup:static-content:deploy
 - php bin/magento cache:clean

Configuration

After successfully installation there is a new tab "**Restrict Methods**" in **Stores -> Configuration -> Sales**

Click on that tab it will open screen like below screen shot. From that screen you can select customer group and payment or shipping method to restrict for the customer.
