

Multiple Frontpage Slideshow

On - August 2, 2011

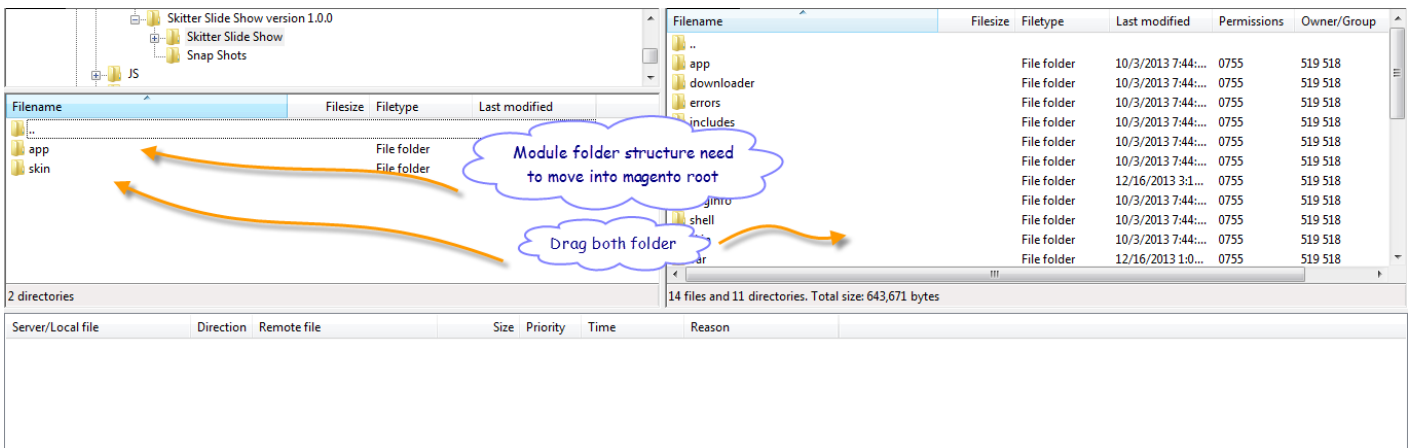

Multiple Frontpage Slideshow is an awesome module with 26 flash type animations, done in JavaScript. FrontPage slider gives a beautiful effect on your site. Use FrontPage Slideshow to display your featured articles, stories or products in the most eye-catching way. You can add a unlimited number of images, titles and link them to your pages. Multiple Frontpage Slideshow is fully configurable and with a lot of options.

Features Of Multiple Frontpage Slideshow

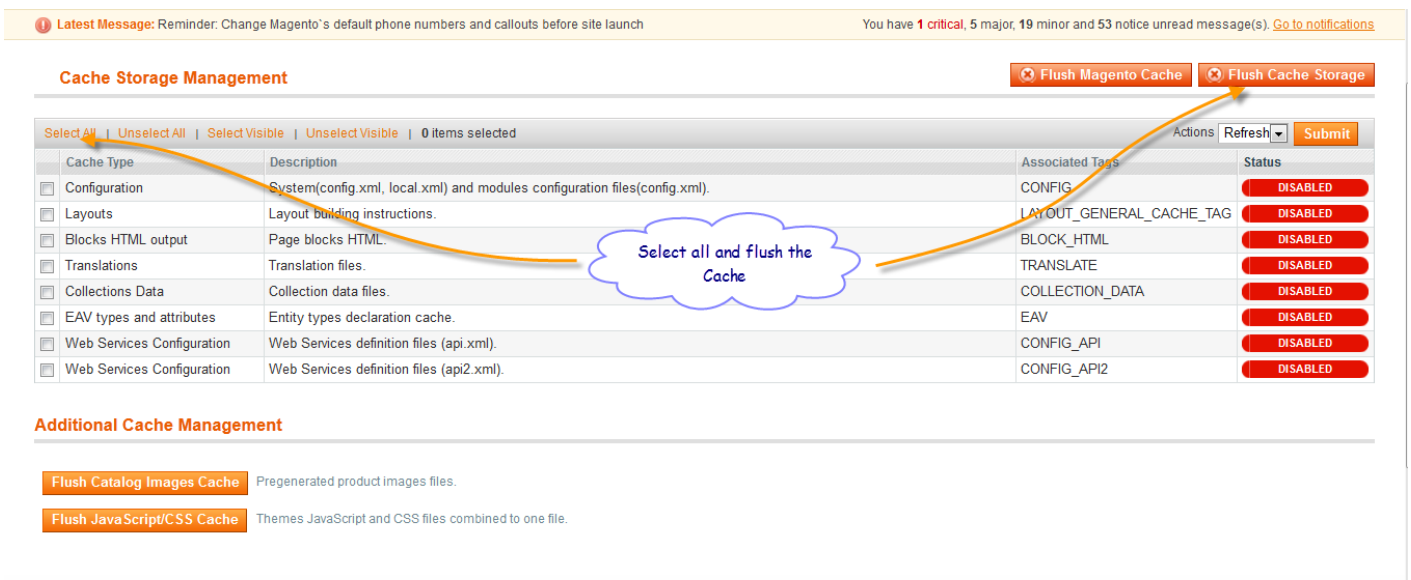

- The slick effect, no Flash needed.
- Adjust Width and Height as per your ease.
- All the modern browser supported like IE6,7,8 , Firefox, Chrome, Opera etc.
- You can use This extension on multiple places within a single page.
- This Plugin Has Endless Utility.

Installation Of Multiple Frontpage Slideshow

It's pretty easy you just need to move app and skin folder into the root that's it:

After moving both the folder flush the cache from admin module. Under system > cache management.

Configuration OF Multiple Frontpage Slideshow

After the installation of the module, you need to create the skitter group and skitters based on your need by following the instruction list as per the given screenshot.

1. Skitter Grid
2. Add new Skitter

ID	Image	Title	Link	Sort Order	Status	Action
1		Test1	www.webkul.com	1	Enabled	Edit
