

# Accordion FAQ v3.0.0

---

Accordion FAQ is an awesome module. This module adds an easy way to use FAQ Section to your Magento store with JQuery powered animation. In this module, the admin can add and update FAQ. Admin can also create FAQ group and show the group on the specific pages. On the frontend, you have an animated FAQ section for your store.

## Features

---

- You can add any numbers of FAQ's.
- Animated FAQ.
- Editor for adding FAQ.
- You can create FAQ group.
- Different Group can be published on different pages.
- Multiple groups can be published on one page.

## Adding Accordion FAQ – Admin

---

After installation of the module, admin can see 'Webkul Accordion FAQ' option in the main menu. From here admin can select the option to add FAQ or add/manage FAQ groups.

Now admin can add or edit FAQ by clicking on Add FAQ button. From this page admin can add new FAQ or edit existing one.

	ID	FAQ	Content	Sort Order	Status	Action
<input type="checkbox"/>	2	Marketplace Seller Price Comparison For Magento2	<p></p> <p><span>Marketplace Seller Price Comparison For Magento2</span> extension provide the features by which multiple sellers can add the same product which does exist in the global catalog with a different price. Using this module, Sellers can assign products to the new price, quantity, and condition Like New or Used. Marketplace Seller Price Comparison For Magento2 allow the sellers to update their assigned products and also delete them. To use this module, you must have installed first<span></span><a href="https://store.webkul.com/Magento2-Marketplace.html" target="_blank">Magento2 Marketplace Module</a></p>	1	Enable	<a href="#">Edit</a>
<input type="checkbox"/>	1	Marketplace Multi Vendor Module for Magento2	<p></p> <p style="text-align: justify;"><span style="font-size: medium;">Magento2 Multi Vendor Marketplace&nbsp;Extension converts your Magento Store into a complete online marketplace shop. Using Magento2 Marketplace Module, the seller can manage the inventory, shipment, Seller Profile page, Seller Collection page. The seller can add multiple products like Simple, Configurable, Virtual & Downloadable. The Magento2 Multi-vendor Marketplace module supports all the Magento2 templates and themes and it will be compatible with responsive web designs.</span></p>	1	Enable	<a href="#">Edit</a>

After clicking on **Add FAQ** button the admin can add a new FAQ as shown below in the snapshot.

The screenshot shows the 'New FAQ' configuration page in the Magento Admin Panel. On the left is a vertical sidebar with icons and labels for various modules: DASHBOARD, SALES, CATALOG, WEBKUL ACCORDION FAQ (highlighted in orange), CUSTOMERS, DEMO MANAGEMENT, MARKETING, CONTENT, REPORTS, STORES, and SYSTEM.

The main content area has the following fields:

- Enable FAQ**: A toggle switch set to **Yes**.
- FAQ \***: A text input field containing **Accordion FAQ**.
- Sort Order \***: A text input field containing **4**.
- Content \***: A button labeled **Show / Hide Editor**. Below it is a rich text editor toolbar with options like Paragraph, Bold, Italic, Underline, and various alignment and list tools.
- How Does This Module Works?**: A text area containing a bullet point: **- This module adds an easy to use FAQ Section to your magento store with jquery powered animation.**

At the top right are buttons for **← Back**, **Reset**, and a large **Save FAQ** button.

Admin can navigate to **Webkul Accordion FAQ-> Add/Manage FAQ group** from the main menu to create a new group. From here admin can create a new group and edit the existing one.

The screenshot shows the 'Add/Manage FAQ Group' page. The interface includes a header with the title and a red **Add FAQ Group** button. Below the header is a search bar and filter options for 'Filters', 'Default View', and 'Columns'.

A message indicates **4 records found**. The main content is a table listing the FAQ groups:

Actions	ID	Group Name	Group Code	Width	FAQ IDs	Status	Action
<input type="checkbox"/>	5	group_four	group4	190	8	Enable	<a href="#">Edit</a>
<input type="checkbox"/>	4	group_three	G3	150	7	Enable	<a href="#">Edit</a>
<input type="checkbox"/>	3	second_group	group2	200	6	Enable	<a href="#">Edit</a>
<input type="checkbox"/>	1	sample_group	group1	200	1	Enable	<a href="#">Edit</a>

After clicking on the add button admin can enter the details for the new group like this.

New FAQ Group

FAQ GROUP INFORMATION

Faq Group Information

Group Code \* Group2 Enter a group code

Group Name \* Group2 Enter group title

width \* 200 Enter width for the FAQ under the group in pixels

Status \* Enabled Enable/disable the status of the group here

← Back Reset Save FAQ Group

Click here to save the FAQ group

Enable/disable the status of the group here

After the admin has entered the group details admin can select FAQs for the group by clicking on FAQ tab like this.

**New FAQ Group**

FAQ GROUP INFORMATION

FAQ Group: **FAQ**

Select the FAQ you want under the group.

Now admin needs to add content to show the FAQ group on the page. For this admin need to enter this code:

```
1 {{block class="Webkul\AccordionFaq\Block\AccordionFaq\AccordionFaq"
group_code="(Group
code)"template="Webkul_AccordionFaq::Accordionfaq.phtml"}}
```

This code should be entered in the content text area like this.

```
{{block class="Webkul\AccordionFaq\Block\AccordionFaq\AccordionFaq" group_code="group1"
template="Webkul_AccordionFaq::Accordionfaq.phtml"}}
```

Admin can add more than one group on the same page. After that admin can save the page and Accordion FAQ will be visible on the page on which it is saved.

## Frontend of Magento2 Accordion FAQ

After saving the page the Accordion FAQ will be visible on the website like this.

The screenshot shows a website header with the LUMA logo, a search bar, and a shopping cart icon. Below the header, the breadcrumb navigation shows 'Home > Accordion FAQ'. The main content area has a title 'Accordion FAQ'. A red box highlights the first FAQ tab, and a red arrow points to it with the text 'Click on tab to open the FAQ'. The FAQ content area contains three sections: 'Marketplace Multi Vendor Module for Magento2', 'Marketplace Seller Price Comparison For Magento2', and 'Marketplace Mass Upload for Magento2'. The 'Marketplace Mass Upload for Magento2' section features a 'CSV Product Detail' card and a grid of product icons with '+' signs. A descriptive text below the card explains the functionality of the add-on.

Marketplace Multi Vendor Module for Magento2

Marketplace Seller Price Comparison For Magento2

Marketplace Mass Upload for Magento2

WEBKUL

CSV Product Detail

Marketplace Mass Upload for Magento2 add-on is useful for bulk/mass upload of products. Using this add-on, a seller can upload bulk products using CSV and even the admin can bulk upload into Seller account using the CSV file. This add-on supports four types of products- Simple, Configurable, Virtual & Downloadable. It also displays error message to the seller and admin if there is any error in the CSV file or the ZIP file.

That's all for the **Accordion FAQ** module still, have any issue feel free to add a ticket and let us know your views to make the module better <http://webkul.uvdesk.com/>
