After entering and making selections for all the fields in the configuration settings for this module, the module is all set to be used by the customers.

Front-end

After the setup of the Aramex Shipping method, the customer can easily use this shipping method for their purchases. When any buyer adds the product to cart then there will be an option to fill up the zip/postal code and then shipping methods and price will be displayed in cart page like this screenshot.

The screenshot shows a shopping cart page for 'LUMA'. The cart contains one item: 'Ladies Wrist Watch' priced at \$1,999.99. The shipping section is titled 'Summary' and includes a form for shipping details. A callout points to the 'Country' dropdown (India) and 'State/Province' (Noida) fields, stating 'Zip code and other info. needs to be filled here.' Another callout points to the 'Aramex Shipping' section, where 'Overnight (Document)' is selected for \$0.00, with a note 'Aramex shipping method.' A third callout points to the 'Proceed to Checkout' button, stating 'Click to checkout.' The 'Order Total' is \$1,999.99. The footer contains links for 'Privacy and Cookie Policy', 'Search Terms', 'Contact Us', 'Advanced Search', and 'Marketplace', along with an email subscription field and a copyright notice for 2016 Magento.
