

Citrus Payment Marketplace Add-On

Citrus Payment Solutions is an Indian company that provides online payment services to businesses. Citrus Payment Marketplace Add-On will allow the customers to select Citrus Payment Gateway as their payment method. The customers can use their credit/debit card or net banking credentials for processing the payment transaction.

With the help of this module, the admin can pay to sellers using the Citrus Payment Gateway. It also allows the admin to send the refund amount to customers using the Citrus Payment Gateway.

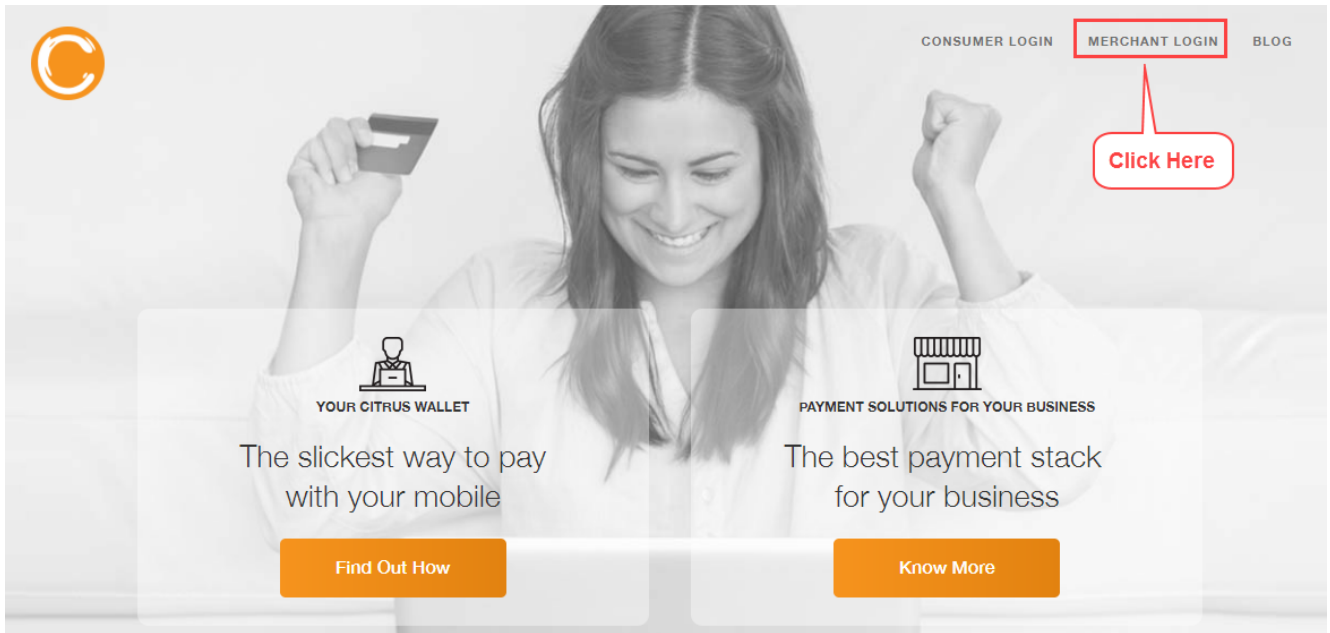

Please Note: This is a Marketplace Add-On, you need to install [Multi-Vendor Marketplace](#) module first.

Features

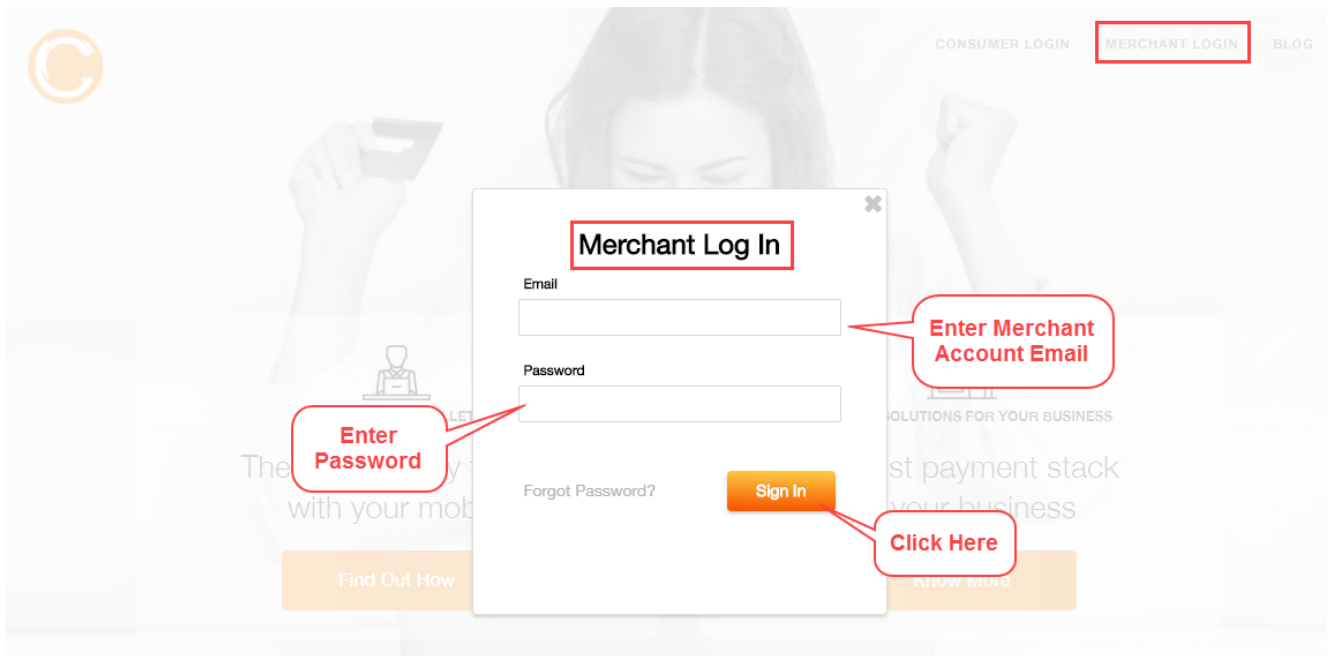

- Set the front-end title for the payment method.
- Use sandbox mode for testing or development purpose.
- Send customer details- name, email, address, phone number to the gateway.
- Select when to allow the refund – before or after the payment release.
- Select the applicable countries, whose users can use this payment gateway.
- Specify the minimum and maximum order total value.
- The admin can pay to sellers using the Citrus Payment.
- Refund to customers using the Citrus Payment.
- Splits payment amount to each seller and the admin automatically.
- The customer money goes to the escrow account of the admin.
- Supports multiple languages translations.
- The source code is open for customization.

How to Get Citrus Pay Credentials

Before doing the module configuration, the admin needs to get the Citrus Pay credentials from [here](#). The following page will open, click **Merchant Login** link.

Enter your **Merchant Log In** credentials – email and password. Click Sign In.

Now you can copy your **Vanity URL**, **Access Key**, and **Secret Key** from the following page.

The screenshot displays the Citrus Developer's Guide interface. At the top, the Citrus logo and 'Developer's Guide' are visible. A 'Sandbox' button and a user profile icon are in the top right. The main heading is 'Simple Plan, Instant Go Live' with the subtext 'Quick details to get you going'. Below this, a 'SIMPLE PLAN' box shows a rate of '1.99% + ₹ 3 Per Successful Transaction'. To the right, a 'TEST KEYS' panel is shown with callouts for 'Access Key', 'Secret Key', and 'Vanity URL'. The 'TEST KEYS' panel includes a link to 'What are test keys?', a 'CHECKOUT PAGE URL' section with a 'Permanent or Vanity URL' and a sample URL 'https://sandbox.citruspay.com/3r8k0b22lj', a 'SECURITY CREDENTIALS' section with 'Access Key' and 'Secret Key' fields, and a 'DOWNLOAD KEY STORES' section with links for 'Citrus.JS (Web)' and 'Mobile SDK'. Below the plan box, there are two expandable sections: 'BUSINESS AND PERSONAL DETAILS' and 'PAYMENT DETAILS'.

Module Configuration

After the installation, the admin needs to go to backend panel for configuration. Please navigate to **Stores>Configuration>Sales>Payment Methods>Marketplace Citrus Payment Gateway**.

Configuration:

Enabled – Select Yes to use this module, else select No.

Title – Set the title for the payment method which will appear on the front-end.

Secret Key of Merchant account – Enter your Citrus account secret key.

Access Key of Merchant account – Enter your Citrus account access key.

Vanity Url of Merchant account – This URL will be available on the Citrus account of the admin.

Sandbox Enabled – Select Sandbox for testing or development use. Else select

Production to make the module live.

Send Customer Name to Gateway – Select Yes to send customer name to the gateway. If No is selected, the customer needs to enter it.

Send Customer Email to Gateway – Select Yes to send customer email ID to the gateway. If No is selected, the customer needs to enter it.

Send Customer Address Info to Gateway – Select Yes to send customer address to the gateway. If No is selected, the customer needs to enter it.

Send Customer Phone to Gateway – Select Yes to send customer phone number to the gateway. If No is selected, the customer needs to enter it.

When to allow order refund – Select when to allow the refund to customer select *Before Payment Release* or *After Payment Release*. If *Before Payment Release* is selected, the admin can refund to customers before releasing the payments to the sellers.

If *After Payment Release* is selected, then the admin can refund to customers only after releasing the payments to the sellers.

When to execute cron for an order – This option is available when *Before Payment Release* is selected. Enter the number of days till the refund can be initiated.

Allow Automatically Release – Select Yes to automatically release the payment to the sellers. Select No to release payment manually.

Payment from Applicable Countries – Select which countries can use this payment gateway.

Minimum Order Total – Set the minimum order total value for using this payment gateway.

Maximum Order Total – Set the maximum order total value for using this payment gateway.

Sort Order – Set the order sequence of this payment gateway.

After arriving at the Citrus Pay website, the customers need to enter their contact

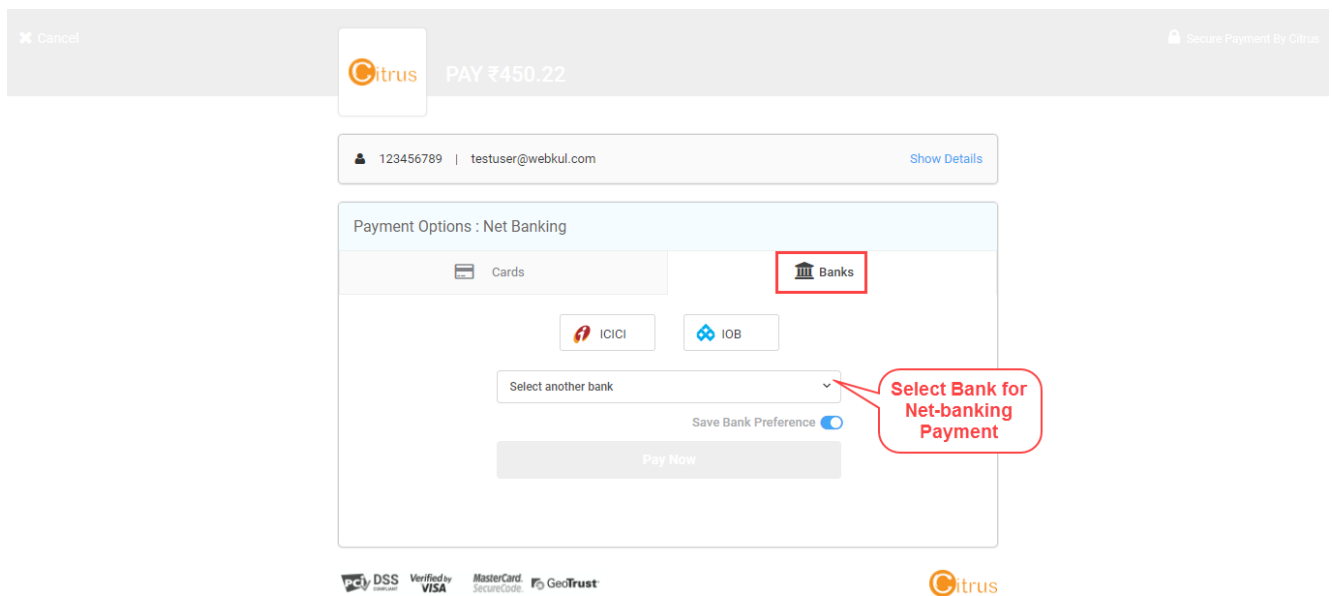

information as visible in the screenshot. Then, click **Continue to Pay** for entering the card details.

The screenshot shows the Citrus payment interface. At the top, there is a header bar with a 'Cancel' button, the Citrus logo, and the amount 'PAY ₹450.22'. Below the header, a user profile section displays the ID '123456789' and email 'testuser@webkul.com'. A red callout bubble points to this section with the text 'Customer needs to Enter its details'. The profile section contains fields for Mobile, Email, First Name (Frank), Last Name (Martin), Address (A-67 Sector-63), City (Noida), State (U.P.), Country (India), and Pincode (201301). A 'Continue to Pay' button is highlighted with a red box and a red callout bubble saying 'Click Here'. Below the profile section, the 'Payment Options : Cards (Credit/Debit)' section is visible, showing tabs for 'Cards' and 'Banks'. The 'Cards' tab is active, displaying fields for Credit / Debit Card Number, Expiry (MM/YY), CVV, and Name on Card. There is a 'Save Card Details' toggle switch and a 'Pay Now' button. At the bottom, there are logos for DSS, Verified by VISA, MasterCard SecureCode, GeoTrust, and the Citrus logo.

Then, select Cards tab and enter the debit or credit card's details, there is an option to save the card details also. Click **Pay Now** to complete the payment process.

This screenshot shows the same Citrus payment interface, but with the 'Cards' tab selected in the 'Payment Options : Cards (Credit/Debit)' section. A red callout bubble points to the 'Cards' tab with the text 'Enter Card Details'. The 'Pay Now' button is highlighted with a red box and a red callout bubble saying 'Click Here'. The 'Save Card Details' toggle switch is turned on. The bottom of the page features the same set of logos as the previous screenshot.

The customers can also use net banking for the payment, click **Banks** tab and select the bank. Click **Pay Now** for completing the payment process.

The screenshot displays the Citrus payment gateway interface. At the top, there is a header bar with a 'Cancel' button, the Citrus logo, and the amount 'PAY ₹450.22'. Below this, a user information bar shows the ID '123456789' and email 'testuser@webkul.com', with a 'Show Details' link. The main section is titled 'Payment Options : Net Banking' and features two tabs: 'Cards' and 'Banks'. The 'Banks' tab is selected and highlighted with a red box. Under the 'Banks' tab, there are buttons for 'ICICI' and 'IOB', a dropdown menu labeled 'Select another bank', a 'Save Bank Preference' toggle switch, and a 'Pay Now' button. A red callout box points to the dropdown menu with the text 'Select Bank for Net-banking Payment'. At the bottom, there are logos for 'DSS', 'Verified by VISA', 'MasterCard SecureCode', 'GeoTrust', and the Citrus logo.
