

# Per Country Shipping Marketplace Add-On V5.0.0

---

Marketplace Per Country Per Product Shipping module allows admin and sellers to manage country-wise shipping for each of their products. The admin and the seller can also manage the shipping price for every product.

**Note – This module is an add-on to Webkul’s Marketplace Module. To use this module, you must have purchased and installed [Multi-Vendor Marketplace](#) first.**

## Features

Admin and Vendor/Seller can add Per Country Per Product Shipping price.

Admin and Seller can implement the shipping method on the basis of country and continent both and enter a price.

The admin can add different prices for different Countries chosen under a Continent.

Multiple rules can be deleted at a time.

Marketplace Per Country Per Product Shipping For Magento2 works for both admin’s and seller’s products.

On the checkout page, the shipping price display total shipping charges for each product.

The seller can add Invoice & Packing slip address, VAT, TAX information.

The seller can enter tracking no. and save it.

Ability to download Invoice and Shipping Slip easily.

Print PDF for Invoice.

## Configuration By Admin

After the successful installation of the module admin can set configuration. The admin needs to navigate through **Store-> Configuration->Sales->Delivery Methods->Webkul Marketplace Per Country Per Product Shipping.**

Check the below-given image for more details:

The image shows a configuration page for a shipping method titled "Webkul Marketplace Per Country Per Product Shipping". On the left is a sidebar menu with categories: Tax, Checkout, Shipping Settings, Multishipping Settings, Delivery Methods (highlighted), Google API, and Payment Methods. Under "Delivery Methods", there are three expandable sections: YOTPO, DOTDIGITAL, and ADVANCED. The main configuration area includes the following fields:

- Enabled for Checkout** [website]: Yes
- Title** [store view]: Webkul Marketplace Shipping
- Method Title** [store view]: Webkul Per Country Shipping
- Default Shipping Price** [store view]: 10
- Ship to Applicable Countries** [website]: All Allowed Countries
- Ship to Specific Countries** [website]: A scrollable list of countries including Afghanistan, Åland Islands, Albania, Algeria, American Samoa, Andorra, Angola, Anguilla, Antarctica, and Antigua & Barbuda.
- Shipping Based On** [website]: Main Product. A note below states: "Main Product is not applicable on grouped products."
- Displayed Error Message** [store view]: This shipping method is currently unavailable. If you would like to ship using this shipping method, please contact us.
- Allow Sellers to Save Per Product Shipping** [website]: Yes
- Show Method if Not Applicable** [website]: Yes

## Configuration Steps –

**Enable for Checkout-** The admin can enable the shipping method to be visible to the customer on the front-end.

**Title-** The admin can give a title to the shipping method which is visible on the front-end.

**Method Title-** The admin can mention here the name of the shipping method which is visible on the front-end.

## Webkul Marketplace Per Country Per Product Shipping

**Enabled for Checkout** [website] Yes

**Title** [store view] Webkul Marketplace Shipping

**Method Title** [store view] Webkul Per Country Shipping

**Default Shipping Price** [store view] 10

**Ship to Applicable Countries** [website] All Allowed Countries

**Ship to Specific Countries** [website]

- Afghanistan
- Åland Islands
- Albania
- Algeria
- American Samoa
- Andorra
- Angola
- Anguilla
- Antarctica
- Antigua & Barbuda

**Shipping Based On** [website] Main Product

Main Product is not applicable on grouped products.

**Displayed Error Message** [store view]

This shipping method is currently unavailable. If you would like to ship using this shipping method, please contact us.

**Allow Sellers to Save Per Product Shipping** [website] Yes

**Show Method if Not Applicable** [website] Yes

**Default Shipping Price-** The price which will be applicable when the shipping method is applicable.

**Ship to Applicable Countries-** The admin can select to make the method applied to all countries or in specific countries.

**Ship to Specific Countries-** The admin can select which all countries on which the shipping method is applicable.

**Shipping Based On-** The shipping price will be calculated on the basis of

main product or associated product. Notify here, ‘*Main Product is not applicable to grouped products*’.

**Displayed Error Message**-The admin can enter here the message which will be displayed if the shipping method isn’t applicable.

**Allow Sellers to Save Per Product Shipping**- The admin can set if the sellers can add the shipping method to the product or not.

**Show Method if Not Applicable**-The admin can set if the method will be visible or not when isn’t applicable.

## Note –

If the seller has not set the “Shipping Price” for any of his products, then the default shipping price set by the admin will apply to those seller products.

## Admin End – How To Set Shipping Product Price

After the successful installation of the extension, the admin will find Per Country Per Product Shipping option available on the admin’s **add/edit product page**.

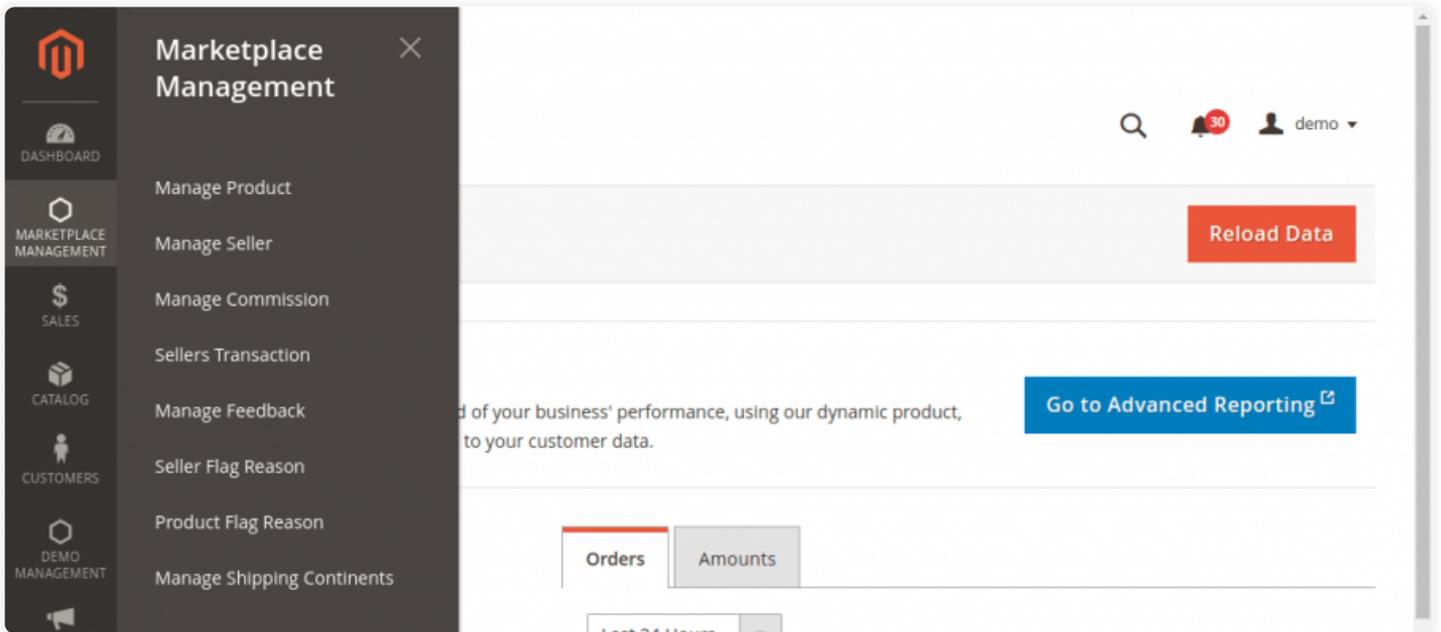

The admin will have to select the region or country and add the shipping cost. The admin can add multiple countries with shipping costs.

Select Apply on	Select Country/Region	Shipping Cost	Action
Region	Asia	50	Delete
Country	New Zealand	80	Delete

## Admin- Manage Shipping Continents

The admin will have to navigate through **Marketplace Management > Manage Shipping Continents** so as to add the shipping prices for Continents and their

respective Countries:

## Create Continental Rule

On clicking the **Add Rule** button, the admin can add new rules for a Continent and the respective Country. The admin can configure the following fields while adding the rule:

**Select Continent-** The admin can choose a continent for which the shipping method is applicable.

**Specify Country-** The admin can choose a country or multiple countries for which the shipping method is to be applied.

**Price-** The price that will be charged for the shipping method.

**Status-** Admin can enable or disable the shipping method whenever required.

**Create Continental Rule**

Select Continent \* Europe

Specify Country \* Albania, Andorra, Austria, Belgium

Price \* 400

Status \* Enable

**Submit**

As the admin submits the Rule, a message “New Rule Created Successfully” shall display as shown in the image below.

If need be, the admin can Edit or Delete any existing Rule by simply clicking on the **Select** action present against the Rule which the admin creates:

**Manage Shipping Continents**

**Add Rule**

✓ New Rule Created Successfully.

Filters Columns

Actions 2 records found 20 per page 1 of 1

	Id	Continent	Price	Status	Country	Actions
<input type="checkbox"/>	2	Asia	800.0000	Enable	Singapore	Select
<input type="checkbox"/>	1	Europe	400.0000	Enable	Greece	Select

The admin can delete multiple rules at a time. For this, the admin will have to choose multiple rules from the list of Rules created under the Manage Shipping Continents.

Thereafter, the admin can choose to **Delete** the selected rules under the **Action** tab as shown in the image below:

The screenshot displays the 'Manage Shipping Continents' interface. On the left is a sidebar with navigation options: DASHBOARD, MARKETPLACE MANAGEMENT, SALES, CATALOG, CUSTOMERS, DEMO MANAGEMENT, MARKETING, and CONTENT. The main content area has a search bar, a notification bell with '30', and a user profile 'demo'. Below this is a table with 2 records. The 'Actions' dropdown menu is open, showing 'Delete' as the selected option. The table columns are: ID, Continent, Price, Status, Country, and Actions. The first record is for Asia (Singapore) with a price of 800.0000. The second record is for Europe (Greece) with a price of 400.0000. Both are 'Enable'.

ID	Continent	Price	Status	Country	Actions
2	Asia	800.0000	Enable	Singapore	Select
1	Europe	400.0000	Enable	Greece	Select

## Seller End – How To Use

After the successful installation of Marketplace Per Country Per Product Shipping For Magento2, you will see in the seller panel that there is the Per Country Per Product Shipping option available on the seller's **add product** page.

Seller will have to select the region or country and add shipping cost as per requirement. The seller can add multiple countries with shipping costs as shown below in the screenshot:

If the admin sets the “Allow Seller to Manage Order” option “yes” then the seller can manage the orders from the front-end.

Now the seller can generate invoices for their ordered products, generate a tracking number and shipment for the orders of their products.

Even the seller can notify the customers by sending them emails, cancel/refund the order and even print the order:

## Shipping Information:

Sellers will be able to print the shipping information and send tracking information to the customers.

The screenshot displays a user interface for 'Payment & Shipping Method'. On the left sidebar, there are links for 'My Product Reviews', 'Newsletter Subscriptions', 'Compare Products', 'Recently Ordered', and 'My Wish List'. The main content area is divided into two sections: 'Payment Information' and 'Shipping and Tracking Information'. The 'Payment Information' section shows 'Check / Money order'. The 'Shipping and Tracking Information' section shows 'Webkul Marketplace Shipping - Webkul Per Country Shipping' and a link to 'Track this shipment'. Below this, there is a table with columns for 'Carrier', 'Title', 'Number', and 'Action'. The table contains one row with 'Custom Value' as the carrier, 'Webkul Marketplace Shipping' as the title, and '123456789' as the number. Below the table, there are input fields for 'Cu', 'Title', and 'Number', and an 'Add' button. At the bottom, there is a section for 'Items Shipped' with a table showing 'T-shirt' with SKU 'Simple Product' and 'Qty Shipped' '1'. A link '« Back To My Orders' is at the bottom left.
