

Seller Coupons Marketplace Add-On

 webkul.com/blog/marketplace-seller-coupons-magento2/

August 17, 2016

Seller Coupons Marketplace Add-On will allow the sellers to generate coupons for use with their products. These coupons can be used by the buyers to apply discounts on products and thus take advantage of the same.

Note: Coupon amount is applicable only on product amount or the subtotal amount only. It is not applicable on the Shipping and tax amount.

Please Note – This module is an add-on of Multi Vendor Marketplace. To use this module you must have installed Webkul **Multi Vendor Marketplace** first.

Features

- Allows the seller to generate coupons for their products.
- Seller can set coupon value and quantity.
- Buyer can add coupon value from different sellers also.
- Admin can also manage the seller's coupons.
- Multi-Lingual support / All language working including RTL.
- Compatible with Multistore.

Seller Coupon Management

Sellers will navigate to **Marketplace -> Seller Coupons Manager**, here they can generate coupon codes. First, the seller will enter **Code Prefix, Coupon Value, Quantity, & Expire Date** and then click the **Generate** button to generate a coupon code in **Generate Coupons** section. Sellers can also delete the coupon and filter the coupon using a Coupon code and Coupon status in **Coupon List** section.
