

# UPS Shipping Marketplace Add-On v5.0.0

---

**Marketplace UPS Shipping module** will provide **UPS**(United Parcel Service) shipping method for shipping the seller products.

Moreover, UPS is the largest shipment/logistics company in the world and now it is with the Marketplace.

Sellers can also set their UPS details to manage the shipment of their orders. It calculates the cost for UPS Shipping Methods on the basis of UPS configuration details entered by the admin.

The seller needs to put all the shipping details and the cost will be calculated accordingly for the seller products.

## **Note:**

The Marketplace UPS Shipping module is an add-on to Webkul Marketplace **Module. To use this module you must have installed the first Webkul Marketplace.**

## **Features**

---

- The admin can set enable or disable the Marketplace UPS Shipping method.
- Set the Marketplace UPS shipping method name that will be shown on the front end.
- The admin can define the allowed methods and pickup methods.
- Set the UPS type and destination type.
- Admin can allow sellers to save his/her UPS Credentials.
- UPS shipping rate will be calculated from the seller's address.
- The seller can download UPS Shipment Label in PDF format.
- Provides a dynamic shipping method for freight calculation.
- The seller needs to save his origin address to use this shipping method.

## **Configuration**

---

After the successful installation of the Marketplace UPS Shipping module, you will be able to see the configuration panel under **Store > Configuration > Sales > Delivery Methods > Webkul Marketplace USP Shipping** as shown below.
