

## Multiple Wish Lists V5.0.0

---

Before discussing Magento 2 Multiple Wishlists, let's discuss what is Wish List. A wishlist is the collection of desired products saved by customers to their user account, signifying their interest without immediate intent to purchase.

Similarly, the module allows the customers to store or save any particular item in their multiple wishlists which they may buy later by returning to the Magento store.

This module is very helpful when the customers don't want to buy the product of their choice right at the moment, they can use the multiple wishlists functionality.

This module gives customers an easy way to remind themselves of a product and helps the admin to measure the product interest of the customers beyond a sale.

### Features

- Save the products of interest.

- Allow buying the products later instead of abandoning them.

- The logged-in user can create multiple wishlists.

- Convenient popup to choose a wishlist while adding the product to the wishlist.

- Add multiple products to a wishlist.

- Can move all the products of one wishlist to another.

- Add one or all products from wishlist to cart.

Products can be moved from cart to wishlist.

Delete the complete wishlist.

Remove the number of items from the wishlist as per the choice.

Ability to share wishlist with friends by email.

Allows viral marketing for the e-commerce store products by sharing wishlist with the other person.

Support all types of products.

Admin will get the notifications when any customer adds the products to their wishlists.

The guest user can also create multiple wishlists.

The guest users can sync created wishlists with their registered account.

## **Front End Flow**

After the installation, the customers can easily use the multiple wishlists functionality. The customers can save their desired products in their multiple wishlists to purchase them later.

For this, the customers will navigate to any product and click the heart shape icon as per the image.

The Magento 2 Multiple Wishlists Extension module offers various functionalities like – **Update, Move, Share, Add and Delete.**

**Note:** In this module, all the wishlist functionalities except “Delete” gets disabled if the wishlist is empty. And also for the default wishlist.

### **Move All To Wishlist**

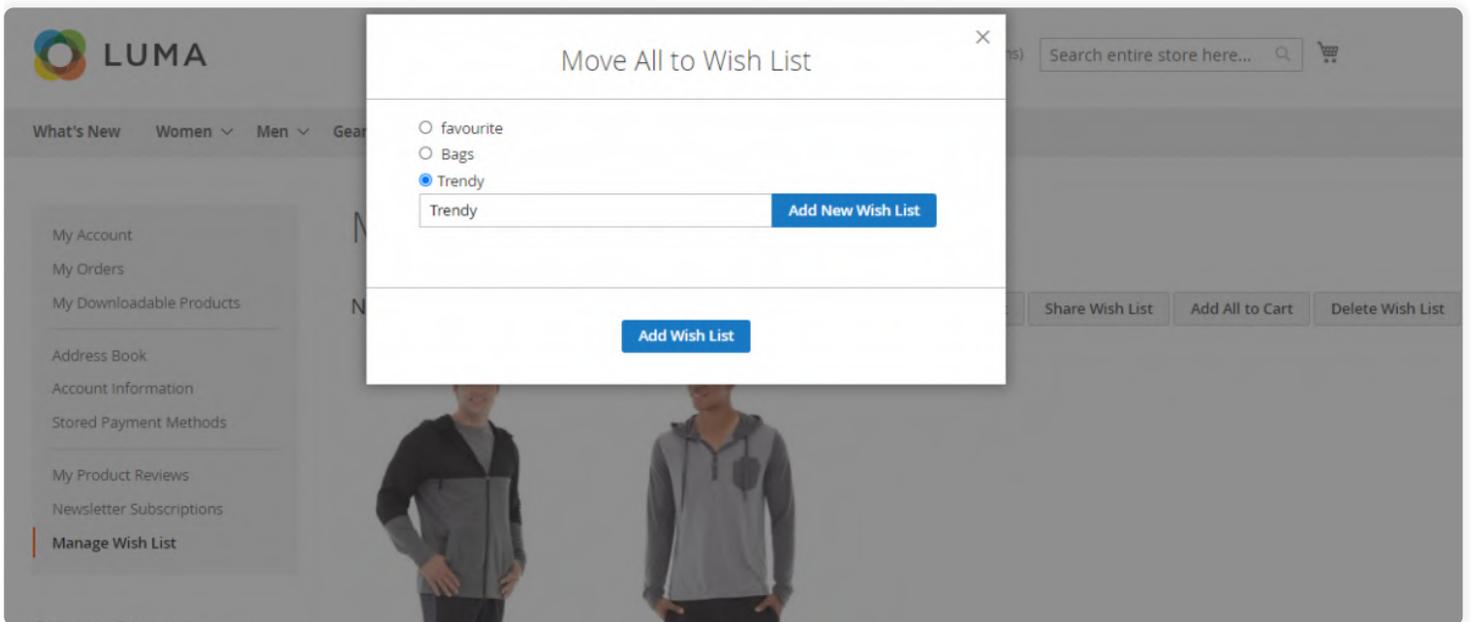

This feature moves all the wishlist items to another wishlist. When the customer clicks on the **Move All to Wishlist** button will get a pop-up display with the list of the wishlists as per the image.

The customer can select any existing wishlist from the list to move all the products to that wishlist.

Also, the customer can create a new wishlist and move all the products to that new wishlist. For creating a new wishlist, the customers simply enter the wishlist name in the blank field.

Proceed further by clicking on **Add New Wish List** button. The new wishlist gets added to the existing list as per the image.

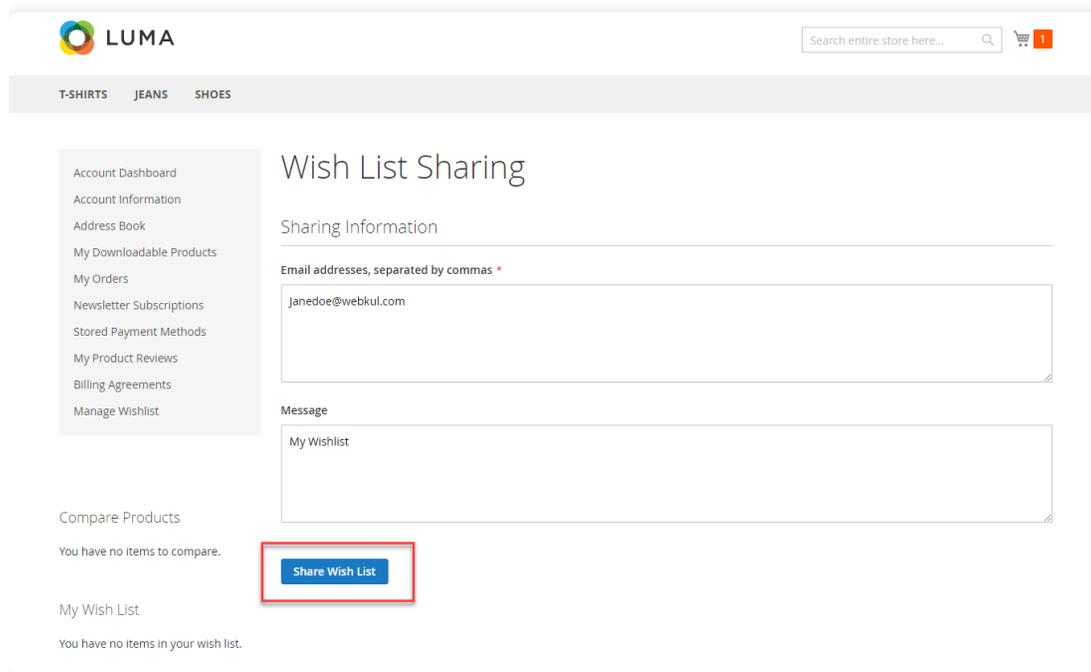

The customer will then select the created wishlist from the list and click on the **Add Wish List** button.

## Share Wishlist

This feature allows customers to send emails to their friends or relatives with the product details. This allows viral marketing for the E-commerce website as another person gets to know about your E-commerce website and products.

When the customer clicks on the **Share Wishlist** button will be redirected to the “wishlist sharing” page as per the image.

The screenshot shows the LUMA e-commerce website's 'Wish List Sharing' page. The page has a header with the LUMA logo, a search bar, and navigation links for T-SHIRTS, JEANS, and SHOES. A sidebar on the left contains various account-related links. The main content area is titled 'Wish List Sharing' and includes a 'Sharing Information' section with a text input field for email addresses (containing 'Janedoe@webkul.com') and a 'Message' section with a text input field (containing 'My Wishlist'). A blue 'Share Wish List' button is highlighted with a red box at the bottom of the main content area.

Here, the customer will enter the email address along with the message(optional) and then click on the **Share Wishlist** button.

The recipient will get a mail for the wishlist items details as per the image.

JOHN DOE wants to share this Wish List from Main Website Store with you:

Message from JOHN DOE:

My wishlist

**GREEN SHOES** **ICE BLUE JEANS**

[View Product](#)

[View Product](#)

[View all Wish List items](#)

The receiver of the mail can click on the given link in the mail. On clicking on the link the user will be redirected to the product page and can view the wishlist items details.

## **Add All To Cart**

This feature allows customers to move all the products to the cart. When the customer clicks on the **Add All to Cart** button, all the products move to the cart and will get a success message as per the image.

✓ 1 product(s) have been added to shopping cart: "Joust Duffie Bag".

Delete Wish List

## Update Wish List

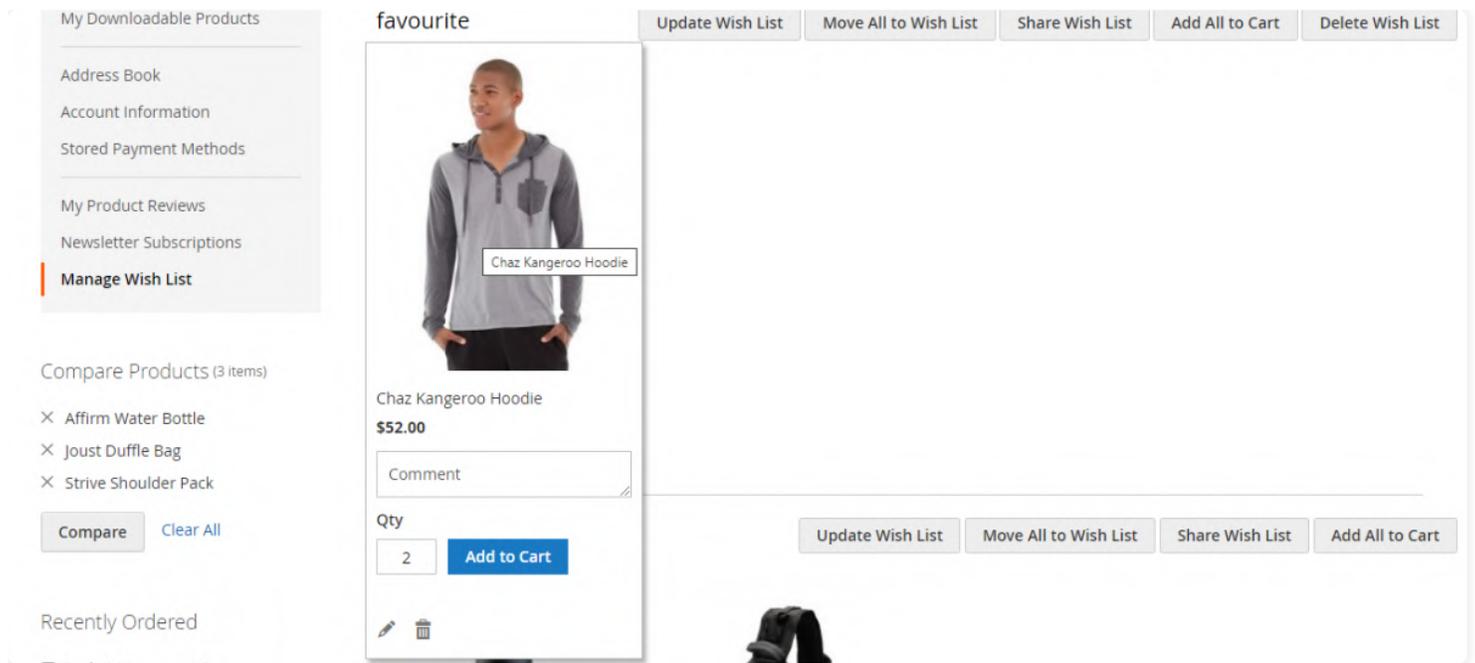

The customers can also update the wishlist. For this, the customer has to click on the “**Updated Wish List**” button.

The customer can see the “Update Wishlist” along with the other functionality. This will allow updating the wishlist like – the customer can add comments in the comment section and also update the product quantity.

**Note:** Instead of moving all the items from the wishlist to the cart or deleting the complete wishlist at once, the customer can move/delete individual items one by one from multiple wishlists as per the choice.

The customers navigate to the “Manage Wishlist” page and move the cursor over the desired product. The “Add to Cart” and “Remove item” option becomes visible as per the below image.

Click the-

“Add to Cart” option for moving that item to the other wishlist.

“Remove item” option for removing that item from the wishlist.

## Guest User

The guest users also can add the products to multiple wishlists and view those wishlists by clicking on ” **View Guest wishlist**” as shown below image.

## Manage Wish List

New

Delete Wishlist

Move All to Wishlist

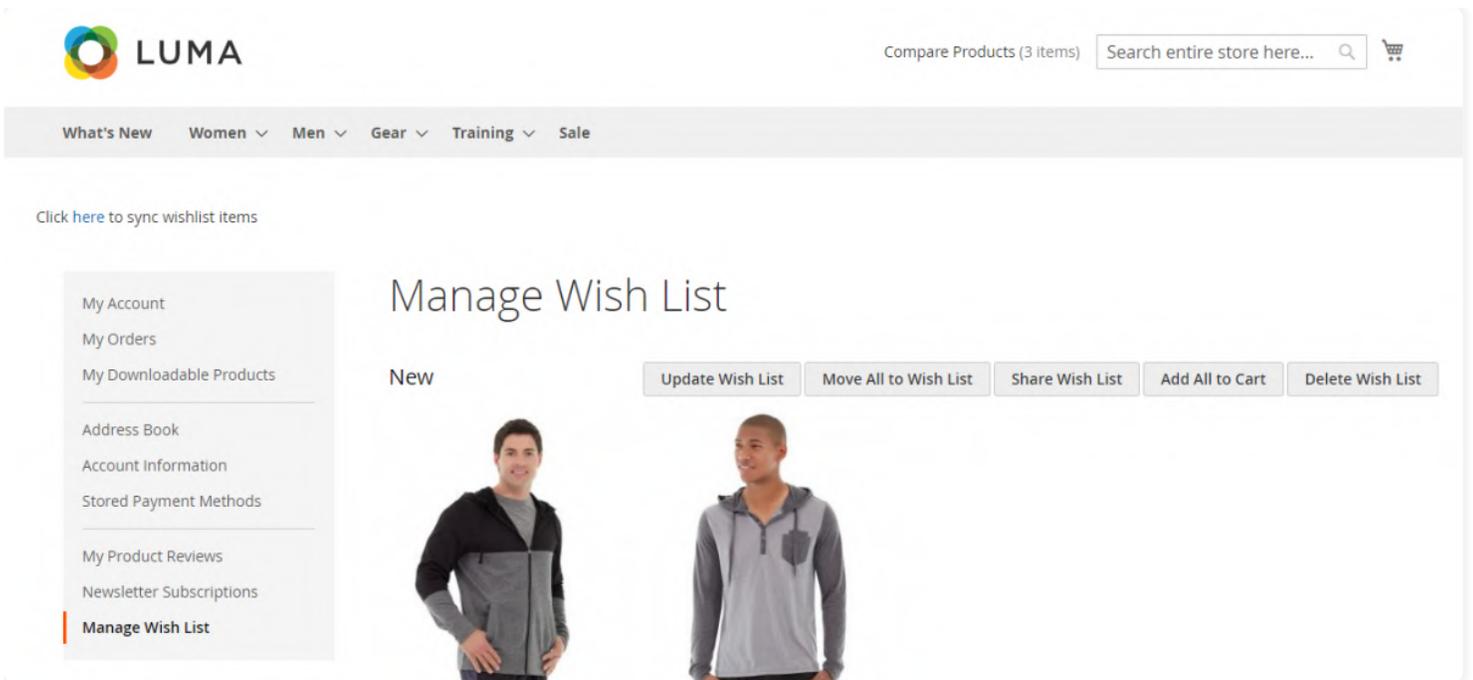

Chaz Kangaroo Hoodie

The guest users will get the complete **wishlist delete** and **move all products** to another wishlist features same as logged in customers.

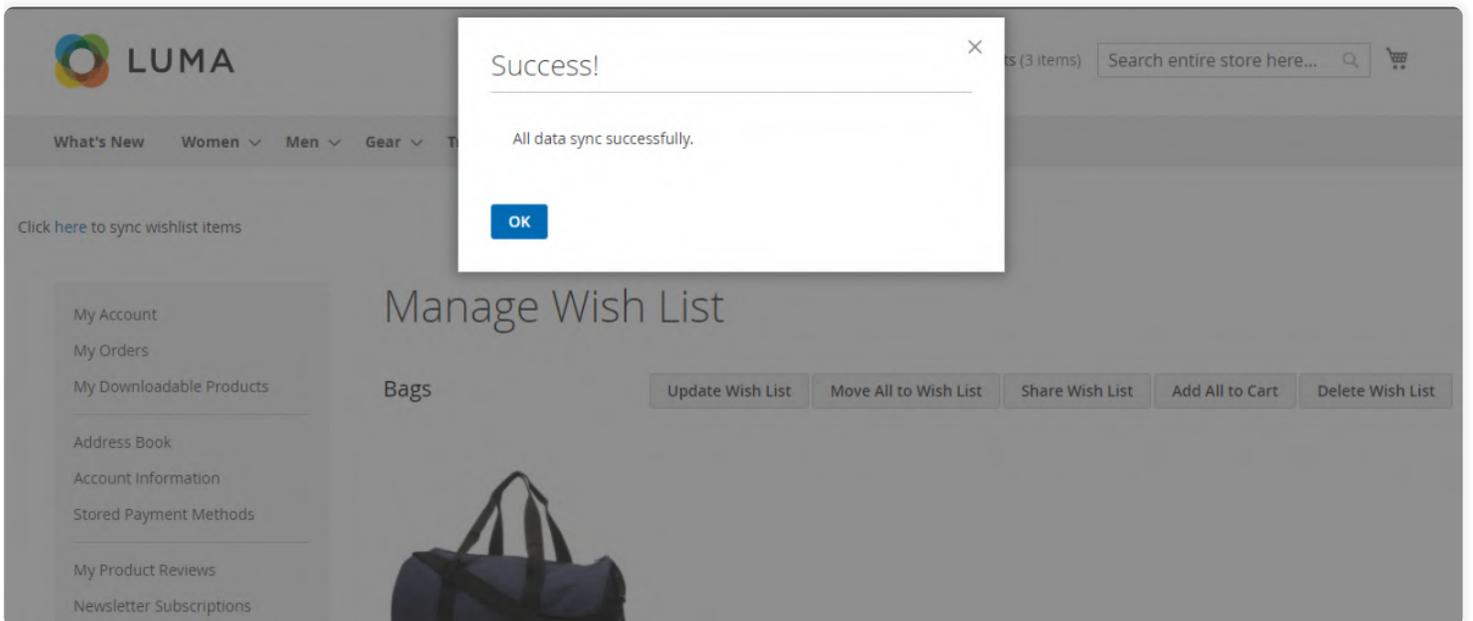

**Note:-**Default wishlist is not available for guest users .

## Wish List Sync

The guest users can sync created wishlist with their registered account. Once they are logged in, the customer will get the option to **sync** the wishlists as shown below-

After clicking on the " here" hyperlink, the customer will get a notification to sync all data successfully as shown below –

After successfully sync the data, the customer can view the guest wishlist in their " Manage Wishlist" section as shown below-

## Wishlist Notification – Admin End

The admin will get notifications when any customer adds the products to their wishlists as per the below image.

The screenshot shows an admin dashboard with a notification pop-up. The notification is titled "Product Added to Wishlist" and contains three entries:

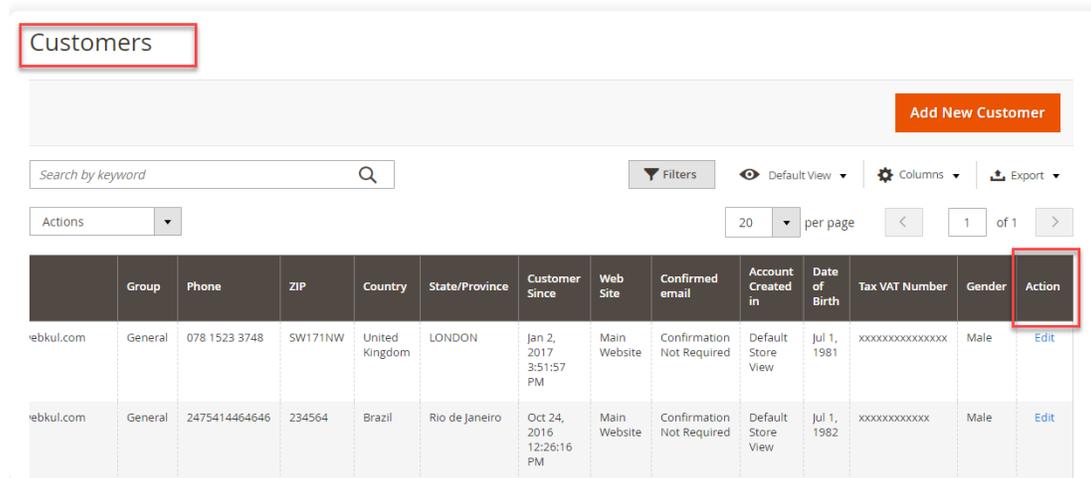

- Product Added to Wishlist**  
Peter Williams(test@webkul.com) added Set of Spritz Yoga Straps(24-WG085\_Group) to wishlist.  
Oct 12, 2018, 7:59:29 AM
- Product Added to Wishlist**  
JOHN DOE(demo@webkul.com) added Montana Wind Jacket(MJ03) to wishlist.  
Oct 12, 2018, 7:58:46 AM
- Product Added to Wishlist**  
JOHN DOE(demo@webkul.com) added Desiree Fitness Tee(W505) to wishlist.  
Oct 12, 2018, 7:57:45 AM

At the bottom of the notification, it says "See All (3 unread)". The dashboard background shows "Advanced Reporting" and a table with columns: Revenue (\$0.00), Tax (\$0.00), Shipping (\$0.00), and Quantity (0).

The admin tap the bell icon to view the notifications.

# Wishlist – Admin End

The admin can also view and manage the wishlist items of all the customers. For this, the admin can navigate to the **Customers > All Customers** in the admin panel as per the image.

	Group	Phone	ZIP	Country	State/Province	Customer Since	Web Site	Confirmed email	Account Created in	Date of Birth	Tax VAT Number	Gender	Action
ebkul.com	General	078 1523 3748	SW171NW	United Kingdom	LONDON	Jan 2, 2017 3:51:57 PM	Main Website	Confirmation Not Required	Default Store View	Jul 1, 1981	xxxxxxxxxxxxxxxx	Male	<a href="#">Edit</a>
ebkul.com	General	2475414464646	234564	Brazil	Rio de Janeiro	Oct 24, 2016 12:26:16 PM	Main Website	Confirmation Not Required	Default Store View	Jul 1, 1982	xxxxxxxxxxxx	Male	<a href="#">Edit</a>

The admin gets redirected to the customer list page. Here, the admin will simply click on the **Edit** button against any customer for whom the admin wants to view the wishlist items.

This will navigate the admin to the **Customer Information** page as per the below image.

The screenshot displays a CRM dashboard with a top navigation bar and a left sidebar. The top navigation bar includes buttons for 'Back', 'Login as Customer', 'Delete Customer', 'Reset', 'Create Order', 'Reset Password', 'Force Sign-In', 'Save and Continue Edit', and 'Save Customer'. The left sidebar contains menu items: SALES, CATALOG, CUSTOMERS, DEMO MANAGEMENT, MARKETING, CONTENT, REPORTS, STORES, and SYSTEM. The main content area is titled 'CUSTOMER INFORMATION' and features a 'Wishlist' tab. Below the tab, there is a search bar, a 'Reset Filter' button, and a notification that '4 records found'. A table displays the wishlist items with columns for Product Name, User Description, Quantity, Add Locale, Add Date, Days in Wish List, and Action.

Product Name	User Description	Quantity	Add Locale	Add Date	Days in Wish List	Action
		From To		From To	From To	
Joust Duffle Bag		1	Main Website Main Website Store Default Store View	Feb 10, 2021	0	Delete
Chaz Kangaroo Hoodie		2	Main Website Main Website Store Default Store View	Feb 10, 2021	0	Configure Delete
Affirm Water Bottle		1	Main Website Main Website Store Default Store	Feb 8, 2021	1	Delete

Here, the admin will click on the **Wishlist** tab under the Customer Information section and can:

View all the wishlist items of the customer and their details.

Delete the wishlist items of the customer by clicking on the **Delete** button.

Place the order by clicking on the **Create Order** tab in the top menu section.

## Place Order

For placing the order on the behalf of a customer, the admin will click on the **Create Order** tab in the top menu section.

This will navigate the admin to the **Create New Order** page as per the below image.

Here, the admin can select the wishlist items and add them to the cart. And, then click on the **Update Changes** button.

After updating changes, the admin will provide the payment mode and shipping method under the **Payment & Shipping Information** section. And then, place the order by clicking on the **Submit Order** button.

The customer also can view the details of the order created by the admin. Under the **My Orders** section, the customers can view the order in their customer account panel as per

the below image.

The screenshot displays the LUMA website's 'My Orders' page. At the top, there is a navigation bar with the LUMA logo, a search bar, and a shopping cart icon showing 5 items. Below the navigation bar, there are category links: What's New, Women, Men, Gear, Training, and Sale. The main content area is titled 'My Orders' and features a sidebar on the left with various account management options. The central part of the page contains a table with three rows of order data. Each row includes an order number, the date of the order, the total amount, the status (all are 'Pending'), and two action links: 'View Order' and 'Reorder'. At the bottom of the table, it indicates '3 Item(s)' and a pagination control set to '10 per page'.

Order #	Date	Order Total	Status	Action
000000005	2/5/21	\$216.60	Pending	<a href="#">View Order</a>   <a href="#">Reorder</a>
000000004	2/2/21	\$102.00	Pending	<a href="#">View Order</a>   <a href="#">Reorder</a>
000000003	1/2/19	\$54.00	Pending	<a href="#">View Order</a>   <a href="#">Reorder</a>

The customer can click on the **View Order** link to view the complete order details.

That's all for the module. Still, have any issue feel free to add a ticket and let us know your views to make the module better <https://webkul.uvdesk.com/>
